

Science

Transfer Programs

Degree:

Associate of Arts and Sciences with a major in Science

Length:

Four-semester (two-year) program

Purpose:

With the emphasis on scientific discoveries and technological developments in today's society, there is a demand for scientists and scientifically-oriented persons in business, government, industry and other professions. The Associate of Arts and Sciences Degree Program in Science is designed for persons who are interested in the pre-professional or scientific program and who plan to transfer to a four-year college or university to complete a baccalaureate degree program with a major in one of the following fields:

- Agriculture
- Biology
- Chemistry
- Pre-Dentistry
- Education
- Forestry
- Geology
- Mathematics
- Pre-Medical
- Nursing
- Pharmacy
- Physical Therapy
- Physics

Program Requirements:

The Science program requires competency in English and Math Essentials MTE 1-9 as demonstrated through the placement and diagnostic tests, or by satisfactorily completing the required MTE units or equivalent.

Students are urged to become acquainted with the requirements of the major department in the college or university to which transfer is contemplated and also to consult with the Student Services Office of the community college in planning their program and selecting electives. Note the guaranteed admission and articulation agreements referenced on page 15 apply only to students who complete the Associate Degree.

The following list is a suggested sequence in which students may plan their class schedules to ensure graduation in two years.

First Semester

Course Number	Course Title	Lect. Hrs.	Lab Hrs.	Course Cr.
ENG 111	College Composition I	3	0	3

CSC 155 OR ITE 115
