

Alumni Services

The mission of the Wytheville Community College Alumni Association is to encourage and cultivate social activity and fellowship among alumni and friends of WCC, to maintain and promote the loyalty and support of its alumni to the college, and to assist in the accomplishment of the college's mission while promoting the positive image and stature of WCC to the campus community, the service region, and the Commonwealth.

The Wytheville Community College Alumni Association is currently in the processing of reorganizing. This is an exciting time for the Alumni Association and we hope that you will become an active part of our organization. We are currently looking for volunteers to serve on our Board of Directors and in various other capacities. If you are interested in volunteering in any way, please contact:
