

Library

***Wytheville Community College is committed to providing access to lifelong learning
within an environment of academic excellence.***

The WCC Library in Smyth Hall has an outstanding collection of books, magazines, newspapers, audio/visual, and electronic materials that support the programs and courses offered by the college. We also offer computers with high-speed internet connections and printing capability for students and community patrons. Whether you are looking for the latest best-seller or an academic reference, please come in to explore the many resources and services the library offers.

Library Mission Statement

An integral part of the educational program of the college, the library provides information resources and services to the college community. The primary purpose of the Wytheville Community College Library is to provide support for the educational goals of the college by acquiring and maintaining a well-balanced, up-to-date collection of print, non-print, and electronic resources. Also of significant importance is the provision of information resources to the citizens of the college's service region.

Library Objectives

- To develop a collection which can provide an adequate level of support to all curricular areas of the College;

- To offer professional and support services which assist in the use of the collection;
- To serve faculty and staff by providing resources and services which will assist them in their fields of teaching and areas of responsibility;
- To acquire, as funds permit, materials which support the non-curricular or recreational needs of its clientele;
- To assist students in developing library and information literacy skills.
