## Tips for Students

Bring a printed copy of your class schedule and if you are using Financial Aid to purchase books, please present student ID at purchase. This makes it possible to get the correct books for your classes. Financial aid students can charge course materials and up to \$100 worth of supplies and apparel.

Please feel free to get your own textbooks in our newly renovated store! Our friendly staff will be happy to answer any questions you have while you are browsing our sections. We now offer cheaper Rent-A-Text & Digital options for many classes!

If you are a Financial Aid student please be aware of the Financial Aid dates. Financial Aid purchases have a start date & end date. Unfortunately there are no exceptions to these dates.

TRA students are only allowed to spend \$50 per semester on supplies in addition to their required course materials. Please note you are responsible to know which supplies are covered and which are not and TRA will reimburse you for that \$50.

Your sales receipt is required for all returns or exchanges. Returned items must be in the same condition as when you purchased them. Returns / exchanges for course materials can only be done by the last day to drop classes with a refund that semester. There are no exceptions. Purchases made on or after that date are subject to a rolling 2 day return window.

Drops and later return requests for texts may be processed as a ?buyback? for up to half back depending on the condition and future need for the text.

Backpacks are not allowed on the sales floor. We have a book drop just inside the store for your convenience. The bookstore will not be responsible for your backpack or its contents during that time.

We carry nursing supplies & reference, software, postage stamps, wide variety of supplies, snacks and cold drinks, apparel, gift items and much more!

All fulfilled online orders can be picked up next door in the old store location during peak periods. You do NOT have to wait in the same line for the bookstore during these times. Please allow at least 48 hours for orders to be filled - as pickups and shipments are processed in the order they are received & may be shipped from other stores.
