Introduction

The Wytheville Community College Employee Handbook is designed to provide information about benefits, policies, and procedures for College employees. It does not create any employee rights or benefits. This handbook is not a contract, nor is it an invitation to contract.

The laws and policies governing classified and wage employees are defined by the Virginia Personnel Act and interpreted by the Dept. of Human Resource Management (DHRM). The rights or benefits of full-time and adjunct faculty rank employees are set forth in the Virginia Community College System’s Policy Manual.

Even though this Handbook is revised on a regular basis, changes in State and VCCS policy may occur. To be certain that employees are in compliance with the most current State policy, it is advisable to refer to the State Policy and Procedures Manual and the VCCS Policy Manual.

DHRM policies are available at http://www.dhrm.virginia.gov

VCCS policies are available at http://www.vccs.edu/about/where-we-are/policy-manual/

**Governance**

Virginia Community College System (VCCS)

Wytheville Community College is one of 23 community colleges established by the Commonwealth of Virginia and governed by the State Board for Community Colleges and the Virginia Community College System (VCCS). The Governor appoints the members of the State Board. A central staff headed by the VCCS Chancellor who is appointed by the Board serves the State Board.

WCC College Board

The WCC College Board is a local advisory board, made up of 13 members appointed by the governing body(ies) of each political subdivision in the college’s service region. The College Board has delegated authority from the State Board over local matters and advises the State Board on the curriculum, facilities, and finances of the College.

President’s Cabinet

The President’s Cabinet is composed of the President; Vice President of Instruction and Student Development; Vice President of Finance and Administration; Vice President of College Development; Director of Workforce Development, Dean of Health and Occupational Programs; Dean of Transfer, Business and Social Sciences; and the Dean of Student Success and Academic Development.

The Cabinet serves as the chief college-wide administrative advisory committee to the President. The Cabinet reviews matters concerning college policy and administrative procedure and makes appropriate recommendations to the President.
College Committees/Associations

There are numerous college standing committees that are charged with making recommendations covering a wide variety of issues related to the general welfare of the College. Membership on these committees is composed of faculty and staff, and in some instances, students.

The college also has an active Faculty Government Association representing the faculty-rank employees and a Support Staff Assembly representing the support staff employees of the college.

Membership in each of these organizations is optional.

Categories of Employment

All employees in the VCCS are State employees; however, not all categories of employees have the State benefit package. Personnel are categorized as follows:

12 Month Administrative Faculty

Administrative faculty members perform work related to the management of the educational and general activities of the college, department, or division. All administrative faculty are normally employed on a twelve-month basis beginning on July 1 and ending on June 30. Twelve-month administrative faculty personnel are assigned a faculty rank for which they qualify.

12 Month Professional Faculty

Professional faculty are individuals holding non-teaching positions with continuing responsibilities, employed on a twelve-month basis beginning July 1 and ending on June 30. All professional faculty are assigned a faculty rank for which they qualify. Librarians and Counselors are professional faculty. Colleges may also designate Coordinator, Assistant Coordinator, and Administrative Officer level positions as professional faculty.

10 Month Teaching Faculty

Full-time teaching faculty, including program heads, on ten-month appointments which include the fall and spring semesters of the academic year plus part of the summer term. All program heads are appointed as teaching faculty. Such appointments are made at the discretion of the individual college.

9 Month Teaching Faculty

Full-time teaching faculty, including program heads, are normally on nine-month appointments which include the fall and spring semesters of the academic year. All program heads are appointed as teaching faculty. Such appointments are made at the discretion of the individual college.

**Associate Instructor Teaching Faculty**

Full-time teaching faculty who are on restricted nine-month appointments which include the fall and spring semesters of the academic year. Associate Instructors receive non-continuing one-year appointments that are made at the discretion of the individual college. Associate Instructors receive full benefits and are ranked as either Level 1 or Level 2 based on their qualifications.

**Part-time 9 Month Teaching Faculty**

Part-time teaching faculty members have continuing nine-month appointments which include the fall and spring semesters of the academic year. Part-time 9-month teaching appointments are made at the discretion of the individual college. Part-time 9-month teaching faculty members receive partial benefits based on their workload assignment and are assigned a faculty rank for which they qualify.

**Classified Employees/Support Staff**

Classified employees/support staffs are employees who occupy positions that are listed in the Commonwealth’s Compensation Plan, and who are covered by the Virginia Personnel Act as found in Chapter 10, Title 2.1 of the Code of Virginia, once they have completed the probationary period. They are assigned to an established position and are scheduled to work 40 hours per week. Full-time classified employees are paid on the semi-monthly payroll.

**Restricted Appointments**

Restricted appointments are individuals holding a restricted appointment to instructional, administrative, professional or classified/support staff positions. A restricted appointment is an appointment to a position that is funded (10% or more) by non-State revenues such as gifts, grants, donations, and contracts or other sources of funding which are not continuing in nature.

Employees in restricted positions are eligible for the same benefits as other full-time employees with one possible exception. If funding no longer exists to continue the employment of an employee assigned to a restricted position, severance benefits may not be payable to the employee following the cessation of source funding, unless the funding for severance was included at the time of establishment of the position.

**Adjunct Faculty**

Adjunct faculty are employed to teach less than a normal faculty load or to teach less than a full session on a semester by semester or summer term basis. The adjunct faculty contract contains no guarantee of continued employment. Adjunct faculty may participate in the college’s deferred compensation arrangements, either the 457 or 403(b) plan or both. They are not eligible for the cash match program. Adjunct faculty are not eligible to participate in the State’s group health insurance plan. Adjunct teaching hours are monitored to ensure compliance with the Affordable Health Care Act.

**Wage Employees (1500 hour employees)**

Wage employees are employed on an hourly basis and are limited to working no more than 1,500 hours for the college in a 365-consecutive day period. Regardless of hire date, this period begins on May 1 and ends on April 30. Hourly employees receive pay increases as approved through the General Assembly but their pay may not exceed the hourly equivalent for the maximum assigned to their role title and/or

Revised November 9, 2015

pay band. All employees paid on an hourly basis, regardless of duties, are considered non-exempt from the provisions of the Fair Labor Standards Act.

The Worker’s Compensation Act, the Family and Medical Leave Act, and the Uniform Services Employment and Reemployment Rights Act of 1994 (USERRA) cover hourly employees. Although they are not entitled to use the Grievance Procedure for State Employees, hourly employees may consult with the Dept. of Employment Dispute Resolution (EDR) on work-related issues and use the State Employee’s Discrimination Complaint procedures.

Hourly employees may also participate in the college’s deferred compensation arrangements, either the 457 or 403(b) plan or both. They are not eligible for the cash match program. Hourly employees are not eligible to participate in the State’s group health insurance plan.

Due to the passage of the Affordable Health Care Act, state agencies of the Commonwealth of Virginia have adjusted this employee group to work a maximum of 1500 hours in a 365-consecutive day period, and not to exceed an average of 29 hours worked per week.

Recruitment and Selection of New Employees

According to VCCS Policy, the responsibility for recruitment of new employees rests with the individual college. For the recruitment and selection guidelines of new employees at Wytheville Community College, refer to the Wytheville Community College Recruitment and Hiring Procedures Manual.

General Conditions of Employment

Orientation

An orientation of new full-time employees is conducted by the Human Resource Office on an individual basis as they are hired. The orientation includes completion of and documentation required for hiring as well as an overview of employee benefits that is not included in the Silk Road Onboarding events.

Orientation for wage (1500-hour) employees is conducted by the immediate supervisor.

Orientation for adjunct faculty is conducted on an as-needed basis by the appropriate Dean for the division in which they are hired.

Probationary Period

Full-time classified employees are required to satisfactorily complete a twelve-month probationary period for continuation of employment. The probationary period will be extended if the employee takes leave with- or without pay exceeding fourteen or more consecutive calendar days. The probationary period can be extended from twelve months to eighteen months for performance-related issues. At quarterly intervals during the probationary period, the employee’s performance will be evaluated and documented by their supervisor. These documents will become a part of the employee’s personnel file.

If an employee transfers to another position, is promoted, or demoted, an additional probationary period is not required after satisfactory completion of the initial probationary period.

Revised November 2014
Performance Evaluation of Classified/Support Staff

The performance planning and evaluation of classified staff is conducted in accordance with Department of Human Resource Management Policy #1.40, and can be found on their website at http://web1.dhrm.virginia.gov/itech/hrpolicy/pol1_40.html.

At the beginning of employment, the supervisor will discuss with the new employee the EWP that covers the job’s requirements and performance plan in detail. The EWP requires the supervisor to establish from two to five core responsibilities with measurements defining the acceptable level of performance for quality, quantity and timeliness. New employees and those being transferred or promoted must sign an EWP within thirty (30) days of their hire date.

Evaluation of performance is conducted on an annual basis using the Employee Work Profile (EWP) form which includes a brief work description, performance plan, core responsibilities, performance measures, and employee development goals. The evaluation cycle for classified employees is October 25 thru October 24 of the following year. Within 30 days of initial employment, the EWP is developed for the new employee by the immediate supervisor; therefore, performance expectations of the position are known in advance. All classified staff new hires (with no prior Virginia state service) will also serve a 12-month probationary period and new employees serving their probationary period will be evaluated on a quarterly basis during this period. The Probationary Period Policy can be found at http://www.dhrm.virginia.gov/docs/default-source/hrpolicy/pol1_45probation.pdf?sfvrsn=2.

Each year, parts I, II, III, and IV of the EWP must be completed, approved by the reviewer, and communicated to the employee no later than mid-December. The reviewer must review the performance plan and performance evaluation sections of the form before they are presented to the employee. Any time during the year the EWP may be changed/modified to accurately define the position should responsibilities of the position change. During the months of September and October of each year, parts V, VI, VII, VIII, and IX of the EWP will be completed by the supervisor, evaluating the employee’s performance on the assigned duties. Individual core responsibility ratings will be given as well as an overall rating. The agency head, or designee, may modify any decisions made by reviewers.

During the annual performance evaluation, the employee is evaluated on the Core Responsibilities identified in the EWP for the cycle. One of three ratings can be given for each responsibility identified – Contributor, Extraordinary Contributor, or Below Contributor:

- **Contributor** – This rating recognizes work that is at or above the performance standards by meeting and achieving the criteria of the job function throughout the performance cycle. Employees at this level are achieving the core responsibilities and performance measures as outlined by the supervisor.

- **Extraordinary Contributor** – This rating recognizes work that is characterized by exemplary accomplishments throughout the performance cycle and performance that considerably and consistently surpasses the criteria of the job function. To be eligible to receive an overall rating of Extraordinary Contributor an employee must have received at least one documented Acknowledgement of Extraordinary Contribution form during the rating cycle. However, receipt of this form does not guarantee or necessarily warrant an overall rating of Extraordinary Contributor.
• Below Contributor – This rating recognizes job performance that fails to meet the criteria of the job function. An employee who receives at least one Notice of Improvement Needed/Substandard Performance form may receive an overall rating of Below Contributor on the annual rating. An employee cannot be rated Below Contributor as an overall evaluation rating if he or she has not received at least one Notice of Improvement Needed/Substandard Performance during the evaluation cycle.

If an individual rating of Extraordinary or Below Contributor is given a written comment must be made on the EWP. Once individual ratings are given, an overall rating is given for the performance cycle. If an overall rating of Extraordinary Contributor or Below Contributor is given, additional supporting documentation is required – an Acknowledgment of Extraordinary Performance or Acknowledgement of Substandard Performance.

The reviewer has the authority to revise, or agree with the plan of evaluation. The reviewer can require the supervisor to complete a new plan or evaluation. The supervisor has five (5) workdays from the date of receipt of the reviewer’s notification letter to make the agreed upon revisions or to complete a new plan or evaluation.

If an employee disagrees with the contents of the work description, performance plan, or the performance evaluation ratings of the EWP and cannot resolve the disagreement with the supervisor, the employee may appeal to the reviewer (supervisor’s supervisor).

The appeal must be made in writing to the reviewer within ten (10) workdays of the initial receipt of the plan or evaluation. The reviewer must provide a written response to the employee within five (5) workdays of receiving the appeal in writing.

All evaluation forms and supporting documentation will become a part of the employee’s official personnel file which is located in the Human Resources/Payroll Office.

Agencies are guided by the amount of money authorized by the General Assembly and the Governor for salary increases for performance. Agencies may not supplement the authorized funding for such increases but may have an established policy for the distribution of authorized monies.

**Wage Employees**

Wage employees will be given a position description at the time of their hire indicating expectations of the position. They will be evaluated on an annual basis on their anniversary date of hire. Their position description will also be reviewed on an annual basis. Evaluations and supporting documentation will be retained in the employee’s personnel file in the Human Resources/Payroll Office.

**Work Study Students**

Work Study Students are employed by the College as part of the Federal Work Study Program administered by the College Financial Aid Office. Their employment is governed by the guidelines of that program ([http://www2.ed.gov/programs/fws/index.html](http://www2.ed.gov/programs/fws/index.html)). Work Study Students are not eligible for the state benefit package.

Salary Information

THE COMMONWEALTH SALARY STRUCTURE

Salary Information and Job Structure for Classified Staff

The Commonwealth of Virginia’s job organization structure consists of seven Occupational Families which are divided into approximately 60 Career Groups.

The Career Groups are divided into approximately 300 Role titles. Both the employee and the job are assessed for pay purposes using specified factors.

The occupational families, Career Groups, and Role Titles can be accessed from the Dept. of Human Resource Management (DHRM) website at http://www.dhrm.virginia.gov/agencyhumanresourceservices/joborganizationstructure/careergroups

The salary pay band chart can be accessed from the Dept. of Human Resource Management (DHRM) website at http://www.dhrm.virginia.gov/docs/default-source/compensationdocuments/salarystructure072513.pdf?sfvrsn=2

The Commonwealth of Virginia does not guarantee any specific pay increases or any certain timetable for pay increases. Funds to support employee pay increases may be provided and earmarked by the Governor or the legislature, or may be identified by the College within their own budgets. The legislature and Governor may provide for general pay increases in some years and may specify that agency-wide pay increases will not be extended. These typically are linked to the employee’s satisfactory job performance. The legislature and Governor may also make changes to state employee retirement plans and agency and individual contribution rates toward the Virginia Retirement System and Optional Retirement Plans.

Pay Dates/ Paychecks

Full-time employees are paid semi-monthly – usually on the first and sixteenth of each month unless those dates fall on the weekend. There are 24 pay periods each year. Paychecks are lagged for each pay date; for example, pay period 10th-24th is paid on the 1st of the month; pay period 25th-9th is paid on the 16th of the month.

Work hours for non-exempt classified staff must be submitted and approved by the immediate supervisor through the Human Resource Management System (HRMS) and are due on the 10th and 25th of each month.

For full-time employees, deductions are made from each paycheck for federal and state taxes, HI (Hospital Insurance aka Medicare), and OASDI (Old Age Survivors Disability Income aka Social Security). Voluntary deductions may include health care, flexible spending, deferred compensation deductions (403[b] and 457), savings bonds, credit unions, tax-deferred, and miscellaneous deductions for insurance products. Basic group life insurance coverage for full-time classified employees is fully funded by the College. Retirement may be fully or partially funded by the College.

Revised November 9, 2015
Revised November 2014
Wage (1500 hourly) employees pay dates are bi-weekly and are scheduled every other Monday. All hours worked by wage employees must be submitted through HRMS and approved by the immediate supervisor by the published pay period end date. There are 26 bi-weekly pay periods in a calendar year. Wage employees will have federal and state taxes, HI, and OASDI deductions. Wage employees may have deductions for deferred annuities. Pay date is two weeks after the end of the work period.

The Adjunct Pay Schedule is established annually by the Virginia Community College System and is communicated to all Adjunct Teaching Faculty by the College Payroll Office.

The Work Study Pay Schedule is established annually by the Virginia Community College System and is communicated to all Work Study Students by the College Financial Aid Office.

**Payline**

Payline is a web-based service available to all Commonwealth of Virginia employees paid through the Commonwealth Integrated Personnel and Payroll System (CIPPS). Payline provides employees with the means to view and print personal earnings and benefits for each payday. Payline provides state-of-the-art security features to maintain strict confidentiality of employees’ personal payroll information. Employees can access: current and year-to-date earnings; deductions withheld, federal and state tax elections and associate tax withholdings based upon W-4 and VA-4 information; direct deposit/banking information and deposit amounts; current and year-to-date taxable wages; and employer paid benefit contributions. Current payday information will be available at least four (4) days prior to payday. Historical information is also available. The Payline website is [https://payline.doa.virginia.gov/](https://payline.doa.virginia.gov/)

**Direct Deposit**

Employees, with the exception of work study students, are required to receive their pay though Direct Deposit or EPPI card. A Direct Deposit Authorization form is included in Silk Road Onboarding for new employees. Current employees may make changes to their direct deposit at any time during the year by completing a new authorization form which can be requested from the Human Resource/Payroll office. Employees may select up to four direct deposit accounts. The employee must submit the completed authorization form to the Human Resource/Payroll Department in a timely manner to allow processing time.

**In Band Salary Adjustments for Classified Staff**

The Virginia Community College System’s (VCCS) Compensation Plan Philosophy is to pay employees in a manner designed to recruit, retain, develop, and reward a qualified, committed, and diverse workforce that provides quality services in a fiscally responsible manner. The following plan for administering in-band adjustments is designed to support this philosophy and will be utilized at Wytheville Community College (WCC).

An in-band adjustment is a non-competitive pay practice that allows the flexibility to provide potential salary growth and supports employee career progression within a pay band. The in-band adjustment is a base-pay compensation with a range of increase from 0% to 10%. In-band adjustments can be granted for the following reasons:

- Permanent change in duties

Revised November 9, 2015
Revised November 2014
In-band adjustments are increases in base pay and may not exceed 10% within a fiscal year. Employees at the maximum salary of their assigned pay band are not eligible for in-band adjustments.

I. Changes in Job Duties and Responsibilities

Employees may be provided a base salary increase for assuming new higher level duties and responsibilities that are critical to the operation of the agency. The purpose of this salary increase is to recognize an employee’s increase in duties and responsibilities. New duties or changes in duties must be at least 15% of total job duties, and do not warrant movement to a new role change (based on a classification review) with a higher pay band assignment. In considering a salary adjustment, WCC will consider the extent of the change in duties and responsibilities in comparison with former duties, and will compare the employee’s salary and the duties and responsibilities to other employees within the agency. The percentage of salary increase shall be 0-10% and will not occur until the employee has successfully performed the new duties and responsibilities for at least a 180-day period. If a salary adjustment is appropriate for a temporary change in duties, the Temporary Pay practice shall be used.

II. Application of New Knowledge/Skills/Abilities (KSAs) From Education, Certification, Licensure, Etc.

WCC encourages and supports the use of incentives for employees who attain professional certifications, licenses, or advanced degrees that will benefit the college. Such incentives will be provided within the constraints of limited resources available for such actions. Neither the VCCS nor WCC will support retroactive payment to those who possessed professional certifications, licensures, or degrees prior to the implementation of this in-band adjustment policy for classified staff members.

Employees must request approval in advance for consideration of their planned goal in order to be compensated once the goal is attained. Degrees must be job related. See below for the Approval Process. Credentials that are requirements for a job, or are required for selection and are taken into consideration at the time a starting pay is negotiated, and cannot be used to support subsequent compensation adjustments.

Application of KSAs from receiving education, licensure, or certification must be demonstrated and applicable to the position held. Receipt of a degree, license, or certification that is not related to the position held, or a position within a defined line of career progression, will not call for an in-band adjustment solely because the degree, license, or certification has been attained.

An in-band adjustment for application of new KSAs will vary based upon the nature of the position and the degree, certification, or licensure attained. A licensure or certification may bring as much or more value to a particular position as the attainment of a degree. The rigor of the professional development activity and its direct relationship to the position will be determined by the appropriate member of the President’s Cabinet, and the salary increase, if granted, will be commensurate with the applicability of the activity to the position.
**APPROVAL PROCESS:**

An employee must submit to his/her supervisor a written proposal for his/her planned goal. The approved plan for attainment of the educational goal must address how the pursuit of the activity will ultimately affect the position, the organizational unit of the college, and how the application of the derived KSAs will affect the employee’s performance in the position. The proposal must be submitted to the appropriate member of the President’s Cabinet and then go forward to the President for final consideration.

Once the planned goal is achieved, the supervisor must document how the new KSAs are utilized in the position and/or through career growth and submit the documentation along with his/her recommendation for an in-band adjustment to the appropriate member of the President’s Cabinet. The member of the President’s Cabinet shall determine if the request for an in-band adjustment is warranted and submit the recommendation (with supporting documentation) to the President. The President may approve the recommendation and submit it to the Human Resource Office for action or may deny the recommendation and return it to the appropriate member of the President’s Cabinet.

**ONE-TIME BONUS FOR COMPLETION OF A CERTIFICATION, LICENSURE, OR DEGREE**

Wytheville Community College will continue to support reimbursement of college courses for employees seeking a degree, certification, and licensure or for job-related courses as described above. Additional compensation in the form of a one-time bonus may be given for the completion of a certification, licensure, or degree unless educational aid is received during the course of study in excess of the amounts listed below. The amount of the bonus for certifications and licensures will range from $200 to $400 (dependent upon the specific achievement and only if no more than the specified amount of educational assistance is received). Bonuses for completion of degrees will range from $200 to $400 (dependent upon the specific achievement and only if no more than the specified amount of educational assistance is received) and will be based on the degree level:

- **Associate** $200 (if no more than $1,000 in Educational Assistance received)
- **Bachelor’s** $300 (if no more than $2,000 in Educational Assistance received)
- **Master’s** $400 (if no more than $3,000 in Educational Assistance received)
- **Doctorate** $500 (if no more than $4,000 in Educational Assistance received)

Note: a double Master’s would not receive a double bonus.

- **Trade Certificate** $200 (if no more than $1,000 in Educational Assistance received)
- **Journeyman** $300 (if no more than $2,000 in Educational Assistance received)
- **Full Trade License** $400 (if no more than $3,000 in Educational Assistance received)

**III. Retention (i.e., Responding to Salary Market Changes, Labor Market Fluctuations, Etc.)**

An in-band adjustment for retention is an increase granted to prevent employees from seeking employment outside Wytheville Community College in occupations that have high value in the labor market when salaries have not been as competitive with the marketplace. (Typically, in-band adjustments for retention are granted to all employees in a particular functional area and serves as a

Revised November 9, 2015
Revised November 2014
mechanism to avoid job turnover due to outside competition.) If retention adjustments are requested for a group of positions in the same role, documentation must include: the number of vacancies experienced in the past three years, the starting pay rates used to fill the vacancies, and the College's efforts to recruit to fill the vacancies. Data relative to the number of qualified applicants responding to recruitments for the past three years must also be included.

IV. Internal Alignment, Salary Compression and Other Internal Inequities

An increase may be granted to align an employee's salary more closely with those of other employees' within the College who have comparable levels of training and experience, similar duties and responsibilities, similar performance and expertise, competencies, and/or knowledge and skills.

The Following Applies to All Types of In-band Adjustments:

In accordance with State policy, in-band adjustment increases are non-competitive, and an employee may receive up to a 10% increase in salary within a fiscal year. In order to be eligible, an employee must have a performance evaluation rating at the "Contributor" level or higher to receive any type of in-band adjustment. The specific amount of salary increase will be determined by the College in accordance with the policies described herein. Employees should not consider in-band adjustments an entitlement. All in-band adjustments shall be subject to the final approval of the President, including those that must be submitted to the VCCS for approval subject to the delegated authority agreement.

A request for an in-band adjustment based upon changes in job duties and responsibilities, retention, and internal alignment must be proposed by the immediate supervisor who shall set forth a revised position description and EWP. This proposal must include a clear delineation of the changes in the position that have occurred and/or specific reasons to support the request for the salary adjustment. This proposal must be submitted through the appropriate member of the President's Cabinet for review, who will consult with the Human Resource Office. If the request is determined to be appropriate, the proposal shall be submitted to the President requesting final approval. The President may approve or deny the request. Notification and supporting documentation will be submitted to the WCC Human Resource Office for action.

The Human Resource Delegated Authority Agreement shall govern the actions taken at the college subject to post audit by the VCCS Human Resource Office. Authority is granted to the President to make changes up to and including positions in Pay Band 3. Actions beyond the delegated authority agreement must be submitted to the VCCS Human Resources Office before any communication with the affected employee(s) occurs.

Each college will certify funding during the budget process and approve funding availability for non-budgeted in-band adjustments. When increases are given, the college may grant the entire increase at one time or the increase could be split into two or more fiscal years. Every effort will be made to provide the entire increase at one time as opposed to splitting the increase; however, the number of affected employees may necessitate multiple fiscal years being involved.

Revised November 2014
Classes taught by Classified/Support Staff

Classified/support staff may be asked to teach courses for which they have expertise and appropriate teaching credentials. Should the commitment be outside WCC, prior approval from the President is required. Full-time classified staff members are limited to teaching nine (9) credit hours for the entire year with permission from immediate supervisor.

In addition to their full-time workloads, qualified full-time faculty and staff members may teach up to 3 Continuing Education Units (CEUs) of non-credit hour instruction at any time with a limit of 8 CEUs each in fall and spring terms, and 5 CEUs in the summer session for additional pay (VCCS Policy 3.8.6). One CEU is defined in VCCS Policy 5.10.1 as “ten (10) contact hours.”

Individuals who are not the direct supervisor of an individual staff member are REQUIRED to seek permission from the faculty or staff member’s supervisor PRIOR to offering additional employment to that employee. Employees have an obligation to request approval from their supervisor PRIOR to accepting contracts to teach credit or non-credit courses for another department.

All teaching (credit or non-credit) for WCC requires written approval from the immediate supervisor indicating such extra work will not interfere with the employee’s performance of regular duties. Work hours missed because of teaching (with pay) will be made up at times acceptable to the immediate supervisor and approved by the supervising administrator, or accrued leave may be taken for the work hours missed. Employees should use the “WCC Adjunct Approval” form to document such activity. The form must be signed by the supervisor prior to the first class meeting.

Outside Employment

Employees may not engage in any other employment in other agencies, outside of state service, in any private business, or in the conduct of professions, either:

- During the hours for which they are employed to work; or
- Outside their work hours if such employment is deemed by employing agencies to affect employees work performance or to be in violation of the Virginia Conflict of Interest Act.

1. Should employees engage in outside employment that does not conflict with their primary job, they are required to notify their supervisor of the employment and seek approval from the agency head. Written documentation of such approval must be submitted to the Human Resource/Payroll Office for inclusion in the employee’s personnel file.

2. No property belonging to the agency and/or the Commonwealth of Virginia may be used for outside employment activities.

- Employees receiving VSDP income will have their VSDP income offset by outside earnings and earnings from a different category of employment within the college.

Conflict of Interest

Conflict of interest refers to any situation in which a public employee places his or her own private interests or gains above the duties and obligations of the employee’s job. State employees avoid any

public or private activity which might be regarded as being in conflict with the proper and expeditious conduct of their primary job with the College.

Also, in compliance with the limits set forth in the Virginia Conflict of Interests Act, some full-time positions at the college have been identified to require holders of the positions to file annual Statements of Economic Interests. Local College Board members are required to annually file a Financial Disclosure Statement.

State agencies are strongly encouraged to avoid the appearance of a conflict of interest and have the latitude to scrutinize and evaluate the appearance of a conflict of interest. Therefore, the College will not utilize services or procure items from businesses owned by employees of the College, or from businesses owned by immediate family members of College employees, in excess of $500 annually. Employees and immediate family of employees may compete for business of other state entities of the Commonwealth in compliance with guidelines provided in the Virginia State and Local Conflict of Interests Act (Code of Virginia Section 2.2-3100 – 2.2-3131). It is the employee’s responsibility to contact WCC’s Procurement Office to disclose a business interest and to submit and complete a Conflict of Interest Statement in compliance with the Act if requested to do so.

**Employment of Relatives (Nepotism)**

All personnel actions must be within the limits of the Virginia Conflict of Interests Act, as both shall be in effect from time to time.

An employee of the College shall not exercise any control over the employment or the employment activities of a member of the employee’s immediate family and shall not be in a position to influence those activities. As defined in the said Act, immediate family means a spouse and any other person residing in the same household of the employee who is a dependent of the employee or of whom the employee is a dependent.

Each community college is prohibited from employing for remuneration in any capacity whatsoever, either full-time or part-time, a member of the College’s Board, including his/her spouse or a member of his/her family.

**Benefits**

**LEAVE TYPES**

**Virginia Sickness and Disability Program (VSDP)**

Full-time employees who are automatically enrolled or select VRS as their retirement plan, receive short-term and long-term disability benefits under the VSDP program at no cost. Faculty members who enroll in VRS may select VSDP or traditional leave.

Effective July 1, 2009, new hires will have a one-year waiting period to be eligible for benefits under the VSDP program. After one year, benefits will be on a reduced schedule until five years of service have been completed.

Details about VSDP are available in the VSDP Handbook and under Disability - Long Term & Short-Term at [http://www.dhrm.virginia.gov/employeebenefits](http://www.dhrm.virginia.gov/employeebenefits)

Revised November 9, 2015
Revised November 2014
Traditional Sick Leave (non-VSDP)

For classified staff not covered under VSDP, sick leave will be earned at the rate of five (5) hours per pay period. Sick leave can accrue and carry over from year to year without limits.

Sick leave is intended for the personal use of the employee. Employees may also use sick leave to take time off from work for the illness or death of an immediate family member (bereavement/family illness); i.e. parents, step-parents, spouse, children, step-children, siblings, step-siblings, and any relative, either by blood or marriage, living in the employee’s household. Use of sick leave for other than personal illness is limited to 48 hours per calendar year. The exception to this is outlined under Family and Medical Leave. For details on use of sick leave refer to DHRM Policy 4.55 at [http://www.dhrm.virginia.gov/docs/default-source/hrpolicy/pol4_55sicklv.pdf?sfvrsn=4](http://www.dhrm.virginia.gov/docs/default-source/hrpolicy/pol4_55sicklv.pdf?sfvrsn=4).

Upon separation, employees with 5 or more years of continuous state service will be paid for 25% of their unused sick leave balance. The payment cannot exceed $5,000. Employees with less than 5 years of service do not receive payment for any part of their accrued sick leave.

Annual Leave

Annual leave is earned (accrued) at the end of each completed pay period, at a rate set according to your total amount of state salaried service. Classified staff who work less than 100% but at least 50% and are in permanent part-time positions, accrue at a rate proportionate to the percentage worked. Accrual rates are as follows:

Nine-month administrative/professional faculty accrue the same hours per month for nine months. Nine-month teaching faculty do not accrue annual leave.

All annual leave in excess of the maximum allowed shall be carried over beyond January 9 of each year with the permission of the President. However, the excess leave hours must be used by June 30 of the same calendar year. If the excess hours of annual leave are not used by June 30 they will be lost.

**Civil and Work-Related Leave**

Employees may be granted paid and/or unpaid leave time to perform certain civic duties, and to participate in the formal resolution of workplace conflicts and certain other work-related activities. Civil and Work-Related Leave is a non-accruing leave type for use under specific circumstances.

For eligibility criteria and specific conditions see the Dept. of Human Resource Management (DHRM) Policy 4.05 at [http://web1.dhrm.virginia.gov/itech/hrpolicy/pol4_05.html](http://web1.dhrm.virginia.gov/itech/hrpolicy/pol4_05.html). Agencies may establish reasonable limits on using this type of leave for interviewing at other state agencies.
**Family and Medical Leave**

The Commonwealth complies with the federal Family and Medical Leave Act (FMLA) in providing up to 12 weeks of leave with or without pay to eligible employees in a calendar year because of their own serious health condition or the serious health condition of an eligible family member, or up to 26 weeks of paid or unpaid leave to care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent or next of kin of the service member.

All employees are eligible for Family and Medical Leave in accordance with the Family and Medical leave Act of 1993 including leave rights relating to military service.

**School Assistance and Volunteer Service Leave**

As an employer, the Commonwealth supports employees’ responsibilities to their children and communities through School Assistance and Volunteer Service Leave with up to 16 hours of paid leave per calendar year. Such service may be provided as a member of a service organization or through authorized school assistance. Members of volunteer fire departments and rescue squads, or auxiliary units thereof, shall be granted paid leave of up to 24 hours under this policy.

**Military Leave**

Military leave is granted with or without pay for active duty in the armed services of the United States or for employees who are former members of the armed services, or current members of the U.S. reserve forces or the Commonwealth militia, or the National Defense Executive Reserve.

Requests and approvals will be made in accordance with the policies and procedures of the Dept. of Human Resource Management (DHRM) policy 4.50 at [http://web1.dhrm.virginia.gov/itech/hrpolicy/pol4_50.html](http://web1.dhrm.virginia.gov/itech/hrpolicy/pol4_50.html).

**Emergency Disaster Leave**

Emergency/Disaster Relief allows up to 80 hours of paid leave annually for qualifying employees who are called away from their regular jobs to provide specific kinds of emergency services during officially declared state and/or national disaster. This policy also permits agencies to grant up to 80 hours of paid leave annually to employees who are victims of disasters that sustain severe or catastrophic damage to or loss of personal property as a result of emergency or disaster. To be granted such leave, the employee must meet the eligibility criteria and specific conditions as explained in the Dept. of Human Resources Policy 4.60 at [http://web1.dhrm.virginia.gov/itech/hrpolicy/pol4_60.html](http://web1.dhrm.virginia.gov/itech/hrpolicy/pol4_60.html).

Public Health Emergency Leave

It is the policy of the Commonwealth of Virginia to protect the health of state employees and the public and to provide continuity of services to the citizens of the Commonwealth during times of pandemic illness. This leave permits or requires eligible employees to attend to the medical needs of self and immediate family members by providing up to 80 hours of paid leave per leave year when Communicable Disease of Public Health Threat conditions as defined in Section 32.1-48.06 et. Seq Code of Virginia, have been declared by the State Health Commissioner and Governor. Use of this leave is intended for illness directly related to the declared communicable disease threat.

Eligibility criteria and specific procedures for administration of this leave are explained in the Dept. of Human Resource Management (DHRM) Policy 4.52 at http://www.dhrm.virginia.gov/docs/default-source/hrpolicy/pol4_52.pdf?sfvrsn=4.

Leave to Donate Bone Marrow or Organs

Employees may use up to 30 workdays in a calendar year to donate their bone marrow or an organ and to recover from the procedure.

Workers’ Compensation Leave

Workers’ Compensation is the benefit provided to employees by the Virginia Workers’ Compensation Act if they suffer work-related injury or disease.

Claims and decisions will be made in accordance with the policies and procedures of the Department of Human Resource Management (DHRM), policy 4.60 at http://web1.dhrm.virginia.gov/itech/hrpolicy/pol4_60.html.

Educational Leave

Employees may be allowed leave time to take courses related to their work. This may be with full, partial, or no pay, and/or tuition assistance. Financial assistance for costs related to such courses is sometimes available from the employee’s agency. See the Educational Aid/Tuition Assistance section of this handbook for details.

Leave Without Pay

In certain situations, an employee may ask for or need to be placed in a Leave Without Pay (LWOP) status. This status preserves some benefits of employment and permits reinstatement of other benefits amended November 2015
Revised November 2014
if you return to paid status. LWOP does not separate you from state service, and many benefits are not affected, especially if the period of LWOP is of short duration. In order to avoid unintentional LWOP, you should learn to manage your paid leave. Employee-initiated LWOP must be approved by the President and is reviewed on an individual case basis.

Leave Without Pay may be unconditional (reinstatement to the pre-leave position is guaranteed) or conditional (reinstatement will occur only if the pre-leave position remains available). An employee will not accrue leave while on Leave Without Pay status.

An explanation can be found in the Dept. of Human Resource Management (DHRM) Policy 4.45 at http://web1.dhrm.virginia.gov/itech/hrpolicy/pol4_45.html.

Compensatory and Overtime Leave

Some classified staff may be eligible to earn leave for additional hours of work. The Fair Labor Standards Act (FLSA) governs application of these leave types for employees covered by the Act. It is the policy of Wytheville Community College to grant leave for additional work hours in lieu of payment.

Non-exempt employees are required to report all hours worked (to include any comp and/or overtime) through HRMS for approval by their immediate supervisor. An explanation of the need for the additional hours of work should be noted in the “Comments” section of HRMS. For any comp/overtime hours of work written documentation should also be submitted to the HR/Payroll Office.

Compensatory leave is earned when an employee works additional hours on a scheduled work day but total workweek hours do not exceed 40. Comp leave is earned at the rate of one hour for each additional hour worked and will lapse within 12 months from the date earned.

Overtime leave is earned at the rate of one and one-half hours of leave for every hour worked over 40 in a workweek. Employees may not have an overtime leave balance in excess of 240 hours. The college may opt to issue payment for overtime or allow employees to bank hours of leave earned to compensate for overtime hours worked.

Exempt employees are not eligible to earn overtime leave; however, in specific situations may earn compensatory leave. Any comp hours worked must be submitted through HRMS and approved by their immediate supervisor. Written documentation, as noted above, is also required.

Leave Sharing

Classified staff may donate annual leave hours they have accrued to help other employees who are eligible to receive the leave and who are experiencing Leave Without Pay. Employees covered by the traditional sick leave policy may request to receive Leave Sharing donations when they are in a Leave Without Pay (LWOP) status because of their own personal illness or injury or because of the illness or

injury of a family member for which the employee is using Family and Medical Leave (FMLA). Employees covered by the Virginia Sickness and Disability Program may request to receive Leave Sharing donations when they are in a Leave Without Pay (LWOP) status because of a family member’s illness or injury for which the employee is using Family and Medical Leave. Employees covered by VSDP are not eligible to receive donated leave for personal illness or injury. The agency continues to make its contribution to the health care premium for the time covered by FMLA leave.

If you want to donate or request donated leave, contact the WCC Human Resource/Payroll Office. Eligibility criteria and specific conditions are explained in the Dept. of Human Resource Management (DHRM) Policy 4.35 at http://www.dhrm.virginia.gov/docs/default-source/hrpolicy/pol435leavesharing.pdf?sfvrsn=2.

**Nine-Month Faculty Traditional Leave**

Nine-month faculty members who elect not to participate in VRS as a retirement or VSDP earn leave in accordance with policy established by the Virginia Community College System as follows:

- **Personal Leave**: Nine-month teaching faculty accrue Personal Leave of 24 hours at the beginning of each academic year (August 16). Personal Leave may be taken at the discretion of the faculty member, with prior approval from the Division Dean. Personal leave may not be used for recreational purposes and must be used in increments no less than four hours. At the end of the summer semester (August 15), any unused Personal Leave hours will be added to the Sick Leave balance.

- **Sick Leave**: Nine-month teaching faculty accrue Sick Leave at the rate of 36 hours on the first day of fall and spring semesters, a total of 72 hours. Earned Sick Leave permits continuation of full pay during absences, caused by illness or injury of the employee. During the calendar year, up to 80 hours of a faculty member’s accrued sick leave balance may be used for absences related to illness or death of the employee’s immediate family members (parents, step-parents, spouse, children, step-children, siblings, and any relatives by blood or marriage living in the same household). As defined by the Family Medical leave Act (FMLA), eligible employees may use 33 percent of their available Sick Leave for an FMLA absence for an eligible family member. Unused sick leave may be carried forward from one academic year to the next. There is no limit on the amount of sick leave that may be accrued. Sick Leave may also only be taken in increments no less than four hours.

Upon separation, faculty with five or more years of continuous service with the VCCS will be paid for 25 percent of their unused sick leave balance. The payment cannot exceed $5,000. Employees with less than 5 years of service do not receive payment for any portion of their accrued sick leave.

**Usage of Leave Noted Above**

To use any of the leave described above, employees are required to enter the request for leave into HRMS in advance of the leave taken. In the case of an unplanned absence or emergency, leave requests should be entered into HRMS immediately upon return to work. All requests require supervisory approval in HRMS.

Revised November 9, 2015
Revised November 2014
Unreported absences or absences reported late may be grounds for disciplinary action or termination. If emergency leave is needed, the employee or supervisor should inform the Human Resources/Payroll Department immediately so that leave balances, if applicable, can be charged correctly.

**Holidays**

The college will close in observance of 12 holidays each year. Eight of these holidays are fixed by the calendar. The College reserves the other four (4) to use at the Winter break. The college will close to observe the following holidays:

- New Year’s Day
- Martin Luther King, Jr. Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- The day after Thanksgiving
- Christmas Day
- Any additional days granted by the Governor

The college is open on Lee-Jackson Day, George Washington Day, Columbus Day, and Veteran’s Day. These four days of holiday time are used to provide an extended holiday at year’s end.

Normally, if a holiday falls on Sunday, the College will close on the Monday following the holiday. If a holiday falls on Saturday, the College normally will be closed on the Friday before the holiday.

**Group Life Insurance and Optional Life Insurance**

All full-time State employees participate in the Group Life Insurance Plan administered by the Virginia Retirement System at no cost to the employee. This plan provides life insurance and accidental death and dismemberment insurance during active employment. Specific benefits are life insurance without a medical examination, double indemnity for accidental death, and dismemberment payments for accidental loss of one or more limbs or eyesight. In some cases, this benefit may be considered taxable income.

The amount of your life insurance coverage for death from natural causes is your annual salary rounded to the next highest thousand, then doubled. The benefit for accidental death is double the natural death benefit.

When an employee begins a job with the State, he or she names a beneficiary for this life insurance coverage. If the employee decides to change the beneficiary at any time, he or she must notify the WCC Human Resource/Payroll Office.
Through a plan also administered by VRS, active insured employees may purchase optional life insurance for themselves, their spouses, and their minor children. Premiums are paid through payroll deduction.

Details of the Group Life Insurance and Optional Life Insurance can be obtained from the Dept. of Human Resource Management (DHRM) website at http://www.dhrm.virginia.gov/employeebenefits.

**Health Insurance**

The Department of Human Resource Management (DHRM) is responsible for administering health benefits plans for active State employees, as well as for retirees. Employees may elect participation in the state’s health care program, COVA Care, COVA Connect, COVA Healthaware or HDHP. A supplement, TRICARE, is also available for eligible employees. Under the programs health care coverage is provided by Anthem Blue Cross and Blue Shield or Aetna. Dental coverage is provided by Delta Dental of Virginia for Anthem Plans and Aetna for Healthaware Aetna Plans (or Anthem for HDHP participants). Contact the Member Services Department of the plan you have for the Employee Assistance Program.

The State’s health insurance program offers hospitalization, medical, surgical, out-patient, prescription drug, dental, hearing, vision and out-of-network provider options. An employee may choose single membership, dual membership (employee + one dependent), or a family membership. The State contributes a monthly amount for the employee’s health insurance depending on the type of membership. The employee’s share of the cost of coverage will be deducted from his/her paycheck.

Coverage may begin the first of the following month dependent upon your hire date and the subsequent receipt date of an initial enrollment form.

Plan specifics, cost information as well as enrollment information can be obtained at http://www.dhrm.virginia.gov/healthcoverage or from the WCC Human Resource/ Payroll Office.

**Employee Assistance Program**

All health plans offered to participating full-time state employees and their dependents have an Employee Assistant Program (EAP). Covered services may include mental health, alcohol or drug abuse assessment, child or elder care, grief counseling and legal or financial services.

**Flexible Reimbursement Accounts**

All full-time employees are eligible to enroll in the Commonwealth’s Dependent and Medical Care Reimbursement Accounts. This program allows employees to set aside a portion of their pay each pay period on a pre-taxed basis for one or both of the following accounts:

- Medical Reimbursement Accounts are used to pay for the out-of-pocket medical, dental and vision care expenses not covered by our health benefits plan.

Revised November 9, 2015
Revised November 2014
- Dependent Care Reimbursement Accounts are used to pay for the expenses to care for your child, disabled spouse, elderly parent or other dependents who are physically and mentally incapable of self care.

**Worker’s Compensation**

The purpose of Worker’s Compensation insurance is to provide compensation to a worker for the loss of his/her opportunity to engage in work when his/her disability is caused by an injury suffered from an accident arising out of and in the course of his/her employment. Not all injuries that happen at work are covered under the Act. The Commonwealth of Virginia uses a third party vendor to review and determine whether a claim will be covered under the Virginia Workers’ Compensation Act. Employee’s prompt submission of all paperwork to the immediate supervisor and to the Human Resources/Payroll Office for processing the claim is vital.

**Long-Term Care Insurance**

Long-term Care (LTC) is also referred to as nursing home care, home health, etc.

Full-time employees participating in the Virginia Sickness and Disability Program receive a free basic daily LTC benefit as part of the benefit package provided by the program.

An optional supplement is available to full-time faculty and classified staff at group rates. The plan is “guaranteed issue” to new employees enrolling within 60 days of employment. Coverage is also available for eligible family members; however, family members will be required to complete medical questionnaire forms and must be approved by the provider.

**UNUM Long-Term Disability for Traditional Leave Participants**

New full-time faculty members who select VRS as their retirement program and traditional leave must enroll in UNUM long-term disability insurance. Faculty participating in the ORP retirement plan, and current VRS faculty not covered by VSDP, may choose to purchase long-term disability (LTD) protection through UNUM. The plan is offered on a “guaranteed issue” basis to new faculty who enroll within 61 days after employment.

Faculty not covered and full-time classified employees grandfathered in traditional leave are eligible to purchase optional coverage during the annual Open Enrollment period. The coverage will be medically underwritten, and employees will be required to qualify based on information provided regarding their health history.

Participants have a choice of 25 percent, 40 percent, or 50 percent of coverage based on basic monthly earnings to a maximum of $5,000 per month. LTD benefits are not reduced by the amount of other income replacement benefits received for the same disability. LTD benefits begin after 90 consecutive days of disability. The premiums are at group rates, and participants are totally responsible for the cost of the premiums.

Annuities and Other Insurance

All employees (except work study students) may purchase these plans through payroll deduction – the costs are borne entirely by the employee. Supplemental insurance programs are administered by a third-party administrator (FBMC).

Pre-Tax Deductions:

- Tax deferred annuities: Section 403(b) – offered by TIAA-CREF, VALIC, ING, Ameriprise, Equitable Life, Horace Mann
- Section 457 (Deferred Compensation Plan) – offered by ICMA-RC

Post Tax Deductions:

- Other providers offer cancer insurance, disability insurance, property and casualty insurance and additional life insurance.

Cash Match

WCC encourages full-time employees to participate in supplemental retirement savings plans. The state has implemented a cash-match program whereby the state will match full-time employee contributions to either a 403(b) tax sheltered annuity plan or a 457 deferred compensation plan.

The Commonwealth will pay 50% of an employee’s contribution to a deferred comp 457 or 403(b) plan, up to a maximum of $20 per pay period. If an employee participates in multiple tax shelter annuity plans, only one cash match will be provided. The cash match is paid into a 401(a) account.

Wage, work study and adjunct faculty employees are not eligible for the cash match provision.

Credit Union

Full-time employees are eligible for membership in the Virginia Credit Union. Membership is voluntary and may be retained even after termination and into retirement. Interest checking, loans, (including home mortgage, home equity loans and auto loans), lines of credit, and credit cards are examples of services provided by the Credit Union. A payroll deduction can be arranged for the Credit Union, including direct deposit options.

Retirement

The college president, administrative faculty, and nine-month teaching faculty whose services are required 40 hours a week in a combination of teaching and administrative duties, have two retirement plan from which to choose: The Virginia Retirement System (VRS) or the Optional Retirement Plan (ORP). Full-time classified employees are automatically enrolled into VRS. Effective July 1, 2010, new hires or rehires that have had a refund from their VRS or ORP account will be placed into Plan 2.

- VRS Plan 1 is a defined benefit plan. Retirement benefits are guaranteed for eligible members and are determined by a formula and

Revised November 9, 2015
Revised November 2014
are not based on the accumulated contributions in the account. The formula uses the member’s age at retirement, average final compensation (average of the member’s highest 3 years of base salary), and total number of years of VRS service. The vesting period in VRS is five years. Normal retirement age is 65; however, employees may retire with full benefits at age 50 with 30 years of service. Employees may also retire with reduced benefits at age 50 with 10 years of service and at age 55 with 5 years of service. There is no mandatory retirement age. Effective July 1, 2011, VRS retirement contributions are paid both by the member and the employer. The member will have 5% of their salary deducted on a pre-tax basis. If an employee leaves a VRS covered position prior to retirement, the total contributions in the member account may be withdrawn or rolled over into another qualified plan; unless the member was not vested by July 1, 2010. If accrued service totals 5 or more years and contributions are not withdrawn, membership in the retirement system is retained and retirement benefits may be accessed when the member becomes eligible for retirement benefits.

- **VRS Plan 2 is a defined benefit plan.** Retirement benefits are guaranteed for eligible members and are determined by a formula and are not based on the accumulated contributions in the account. The formula uses the member’s age at retirement, average final compensation (average of the member’s highest 5 years of base salary), and total number of years of VRS service. The vesting period in VRS is five years. Normal retirement age is consistent with the normal Social Security retirement age; however, employees may retire with full benefits when their age and years of service equals 90. Employees may also retire with reduced benefits at age 60 with at least 5 years of service credit. There is no mandatory retirement age. VRS retirement contributions are paid both by the member and the employer. The member will have 5% of their salary deducted on a pre-tax basis. If an employee leaves a VRS covered position prior to retirement, the contributions made by the member may be withdrawn or rolled over into another qualified plan. If accrued service totals 5 or more years and contributions are not withdrawn, membership in the retirement system in retained and retirement benefits may be accessed when the member becomes eligible for retirement benefits.

- **Hybrid Plan is a defined benefit plan and defined contribution plan.**

Under the defined benefit plan, retirement benefits are guaranteed for eligible members and are determined by a formula and are not based on the accumulated contributions in the account. The member pays 4% of their creditable compensation into the defined benefit component. The vesting period in the defined benefit component is 5 years. Under the defined contribution plan, the member contributes a mandatory 1%
with a voluntary contribution limit up to 5%. The full vesting period is 4 years. The member chooses how to invest their money from a line-up of allocations through the 457b plan. The benefit at retirement is based on the amount in the member’s defined contribution account as a result of contributions paid into the plan and the gains or losses on those contributions with the associated investment allocation. The member makes the investment choices and assumes all risks associated with those choices. All employees who begin employment with the State of Virginia after January 1, 2014 are covered by the Hybrid Plan. You are not eligible for the Hybrid Plan if you are returning to state service and have credible service under VRS Plan 1 or Plan 2.

- **Optional Retirement Plan (ORP) Plan 1** is a defined contribution plan, which has immediate vesting of contributions. The amount or percentage of contribution is fully paid by the college and set by the General Assembly. The employer contribution is comparable to the amount the college would normally contribute to the state’s retirement system (VRS). The benefit at retirement is based on the amount in the member’s account as a result of contributions paid into the plan and the gains and losses on the contributions and allocation(s) elected. The member makes the investment choices and assumes all risks associated with their choices. The current providers under the ORP Plan 1 are Fidelity Investments and TIAA-CREF. In general, an ORP Plan 1 works for those persons who will have multiple employers during their careers that will not be a part of Virginia state government or a VRS employer.

- **Optional Retirement Plan (ORP) Plan 2** is a defined contribution plan, which has immediate vesting of contributions. The contribution amount is paid both by the college and by the member. The member will have 5% of their salary deducted, on a pre-tax basis. The employer contribution is comparable to the amount the college would normally contribute to the state’s retirement system (VRS). The benefit at retirement is based on the amount in the member’s account as a result of contributions paid into the plan and the gains or losses on those contributions. The member makes the investment choices and assumes all risks associated with those choices. The current providers under the ORP Plan 2 are Fidelity Investments and TIAA-CREF. In general, ORP Plan 2 works best for those persons who will have multiple employers during their careers that will not be a part of Virginia state government or a VRS employer.

Additional information on the retirement program can be obtained from the VRS website at [http://www.varetire.org](http://www.varetire.org) or from the WCC Human Resource/Payroll Office.

**Wellness Program**

CommonHealth is the state’s wellness program for employees, families, and retirees offering a range of health-related activities and resources at participating agencies. CommonHealth benefits also include a special program for expectant parents, called Baby Benefits. There is also a discounted membership

The administrative offices of Wytheville Community College shall be open from 8:00 a.m. until 5:00 p.m., Monday through Friday, except for holidays or other official closings, unless otherwise noted. The Crossroads Institute and Smyth Education Center are typically open from 8:00 a.m. until 9:00 p.m. Monday through Thursday and 8:00 a.m. until 5:00 p.m. on Friday, but hours are subject to change based on facility usage each semester.

When the college is closed due to inclement weather conditions, administrative offices and the Education Centers will also normally be closed, unless otherwise noted. When the college operates on a Delayed Snow Schedule, administrative offices and the Education Centers will open at 10:00 a.m., unless otherwise noted.

Revised November 9, 2015
Revised November 2014
Wytheville Community College’s academic departments shall utilize the administrative office hours listed above, as well as operational hours necessary to accommodate student services, programs, or courses as listed in the credit and non-credit college course schedules.

In addition to maintaining the hours of operation for the administrative offices, the supervising administrator shall also establish and maintain such additional employee work schedules as are necessary to meet the needs of the activities of the department under his or her direction.

**Children in the Workplace**

The presence of children in the workplace with the employee parent during the employee’s workday is inappropriate and is to be avoided except in emergency situations. This policy is necessary to avoid disruptions in job duties of the employee and co-workers, reduce college liability, and help maintain a professional work environment.

If bringing a child to work with the employee is unavoidable, the employee must contact his/her supervisor as soon as possible to discuss the situation and obtain permission to have the child accompany the employee while at work. Factors the supervisors will consider are the age of the child, how long the child needs to be present, the work environment in the employee’s area, and any possible disruption to the employee, co-workers, and/or students. Consideration will not be given to allowing a child with an illness to come to work with the employee.

Unattended children are not allowed in any area of the campus. A child brought to the workplace in unavoidable situations will be the responsibility of the employee parent and must be accompanied by, and be under the direct supervision of, the employee parent at all times.

**Standard Work Week**

The work week for Wytheville Community College shall begin at 12:01 a.m. Friday and end at 12:00 midnight the following Thursday.

**Employee Work Schedule**

The supervising administrator shall ensure that all full-time non-teaching employees assigned to the department under his or her supervision are scheduled to work forty hours per week (or be on approved leave of absence) and provided two rest days in every seven-calendar day period.

Employees are required to adhere to their work schedules by reporting to work at the specified starting time, departing at the specified ending time, and taking lunch periods and breaks as authorized. All employees are expected to notify the immediate supervisor as soon as possible if they are unable to adhere to their work schedules.

In emergency situations, the immediate supervisor may temporarily adjust the working hours of any employee or group of employees in the department, provided such adjustments meets the prescribed forty-hours per week, full-time employment requirement. Employee work schedules will not be adjusted on a continuing basis solely to meet the personal needs of individual employees.

Revised November 9, 2015
Revised November 2014
Employees whose job duties lend themselves to the ability to work remotely may do so on occasion with prior approval of their Supervisor and to test continuity of operations as part of the College’s emergency preparedness efforts. An approved Telework Agreement must be on file for the time period during which the work occurs.

**Lunch Periods and Breaks**

**Lunch Periods**

Employees who work at least six (6) consecutive hours shall be afforded a lunch period (meal break) of at least 30 minutes, but not to exceed 60 minutes.

The required lunch (meal) period shall not be included in the total required hours of work per day.

Lunch (meal) period time cannot be excluded for an employee who stays at his or her workstation and occasionally answers the telephone during the lunch (meal) period, or who, without approval of the supervisor, takes it upon himself or herself to work through the lunch hour. Employees who work without supervisory approval must still be compensated for time worked; however, they may be subject to disciplinary action.

**Breaks**

Wytheville Community College does not require the granting of breaks during the workday. Breaks may be granted at the discretion of the immediate supervisor and may not exceed one fifteen (15) minute period before and one fifteen (15) minute period after the required lunch (meal) period.

Break time shall be included in the required hours of work per day.

**Use of Lunch (meal) Period and/or Break(s)**

The lunch (meal) period and the break(s) must be used separately and normally may not be used to extend one or the other.

Occasional adjustments to an employee’s daily lunch (meal) period and break schedule may be made with prior approval of the supervisor, however, neither the lunch (meal) period nor the break(s) may be used to consistently compensate for an employee’s late arrival or early departure, or to cover time off for other purposes unless otherwise specified in this policy.

**Exempt/Non-exempt Status**

Wytheville Community College is subject to the federal Fair Labor Standards Act. At the time of employment, reallocation of position, or promotion, the employee will be notified in writing of the non-exempt or exempt status of the position based on the FLSA exemption tests.
Exempt Classified Employee

An exempt employee is one who is exempt from the minimum wage and overtime requirements of the Fair Labor Standards Act (Wage/Hour Law). Exempt employees include those whose primary duties are executive, learned professional, creative professional, administrative and/or computer related and who are paid on a salary basis. Exempt status is based on an individual assessment of job duties and responsibilities for each position.

Non-Exempt Classified Employees

Non-exempt employees are subject to the minimum wage and overtime requirements of the Fair Labor Standards Act (Wage/Hour Law). The FLSA requires that employees in non-exempt positions be compensated at a time-and-one-half rate for all hours worked over 40 in the workweek.

Non-exempt classified employees are required to enter all hours worked on any day into HRMS. Failure to correctly report hours worked can be considered falsification by both employee and supervisor, and is grounds for disciplinary action up to and including termination.

All hourly/wage employees are considered non-exempt and are required to submit hours worked into HRMS.

Overtime/Compensatory Time and Compensation

NON-EXEMPT CLASSIFIED EMPLOYEES

Compensatory Time

A non-exempt employee is eligible to earn compensatory leave only when the hours worked in a workweek are 40 hours or less. If a non-exempt employee works more than 40 hours, the overtime leave policy applies.

Accrued compensatory leave lapses within 12 months from the date it is earned. Thus, once lapsed, accrued compensatory leave may not be used or paid off upon an employee’s change of employment status.

Overtime

Overtime is earned at time-and-one-half rate (one-and-one-half overtime leave hours for each hour actually worked over 40 in the workweek) and will be compensated in the form of additional leave hours.

In order to avoid the need for overtime leave, supervisors may reschedule employees during the same workweek so no more than the 40 hours are worked.

Overtime leave hours do not lapse; however, the employee’s overtime leave balance shall not exceed 240 hours.

EXEMPT CLASSIFIED EMPLOYEE

Revised November 9, 2015
Revised November 2014
Compensatory Time

An exempt employee will earn compensatory leave when required by the agency head (or his/her designee) to work:

- On an official office closing day if he/she is designated as an “essential employee”, or
- On a holiday.

Overtime

Exempt employees are not eligible for overtime compensation. Exempt employees may earn straight time compensatory leave for hours worked in excess of 40 during a workweek if preauthorized by the agency head (or his/her designee).

ALL CLASSIFIED STAFF

Compensatory and overtime hours worked must be entered into HRMS and requires supervisory approval. Comp and overtime must be authorized in advance and is primarily designed for exceptional requirements of an emergency or temporary nature. In addition to entering the additional hours into HRMS, a supervisor signed comp/overtime form must be sent to the Human Resource/Payroll Office as documentation.

Employees who take it upon themselves to work overtime without prior approval may be subject to disciplinary action.

Voluntarily reporting to work when administrative offices are closed due to inclement weather does not constitute compensatory time and/or overtime and should not be permitted. Such action may be subject to disciplinary action.

Refusal to work additional hours is not acceptable without just cause. Unless an emergency situation exists, the supervisor must provide a 24-hour notice to the employee when overtime will be required. Refusal to work required overtime is a violation of the DHRM Standards of Conduct Policy.

TRAVEL TIME

All-In-One-Day Travel

In the case of an employee riding in an automobile or using public transportation, and traveling directly from and returning home on an all-day trip, all of the hours must be counted as work hours except travel time to and from the point of departure, which is in the home-to-work category.

Overnight Travel

When an employee is traveling on an overnight trip, all of the hours occurring within the normal daily work schedule are counted as hours worked even if the travel takes place on a day when the employee is normally not scheduled to work.
If the overnight travel is not a requirement of the job (a voluntary seminar/workshop, etc. for personal or professional growth), hours worked beyond the normal workday of 8:00 a.m. to 5:00 p.m. will not be compensated even though the agency may be paying a registration fee and/or travel expenses.

**Retaliation**

Retaliation is an overt or covert act of reprisal, interference, restraint, penalty, discrimination, intimidation, or harassment against one or more individuals for exercising their rights (or supporting others for exercising their rights) under the Commonwealth’s EEO policies. Prohibited conduct includes, but is not limited to, any physical assault, threatening behavior or verbal abuse occurring in the workplace by employees or third parties. Any occurrence of workplace violence should be reported to the Vice President of Finance and Administrative Services. The Vice President will report occurrence to the President, and the campus Police. Local and State police officers may be called should they be needed.

**Other Workplace Complaints**

Grievance Procedure

Complaints arising in the workplace should be resolved fairly and promptly. Many workplace issues can be resolved through informal discussion; however, others may advance to mediation, a formal complaint, or use of the grievance procedure.

The State Grievance Procedure for classified employees was adopted by the Virginia Assembly and implemented on July 1, 1990. Employees may obtain a copy of the classified grievance procedure from the WCC Human Resource/Payroll Office. EDUCATIONAL AID/TUITION ASSISTANCE

Purpose

Wytheville Community College is committed to the continuing development of its human resources. In keeping with the mission of the college to promote intellectual growth and life-long learning opportunities, one element of the college’s professional development plan is to provide employees with a benefit of full or partial reimbursement of costs for continuing educational pursuits.

Definition

- Tuition assistance is financial support for approved educational courses or the acquisition of job-related degrees, professional certifications or licenses. The financial support shall consist of the cost of tuition and mandatory fees. In cases with educational leave, full pay, partial pay or leave without pay may be provided.

- Continuous Learning courses at WCC are credit courses offered at the college to employees at no cost. The courses may be job related or non-job related.

Policy

Contingent upon budgetary resources and pursuant to policies and procedures of the Virginia Community College System (VCCS), the college may provide support for employees to take classes that are directly related to job responsibilities and/or courses required to complete a degree which relates to job responsibilities. Charges for admission fees, student activity fees, course books and materials and similar fees are the responsibility of the individual.

Procedures

a. Eligibility Requirements: To be eligible for educational assistance/continuous learning under the provisions of this policy, faculty and staff must meet the minimum criteria and requirements listed below. The college president may waive eligibility requirements in the interest of the effective and efficient operation of the college. It should be noted that meeting minimum criteria does not guarantee approval for receipt of educational aid.

1. New employees are immediately eligible to receive educational assistance for tuition and mandatory fees for coursework pursued outside of scheduled work hours.

2. Full-time classified employees, teaching faculty, counselors or librarians under contract, and adjunct faculty are eligible for educational aid when endorsed by their supervisor.
3. Full-time classified employees who have completed at least three (3) years of service with the college may be eligible for educational assistance during their regular work schedule as detailed below.

4. Full-time administrative or other professional faculty who have completed at least three (3) years of service with the college may be eligible for up to four (4) hours of educational assistance during their regular work schedule as detailed below.

5. Receive a rating of at least Good (Faculty) or Contributor (Staff) on their most recent performance evaluation.

6. Continue to meet all obligations related to the application, receipt, notification and/or repayment of educational aid set forth in this policy.

7. The recipient of such aid must remain employed by the College for a minimum of two years after completion of the degree or class. Otherwise, the amount of aid provided by the College to the employee must be repaid to the College.

b. **Coursework and time Limitations.** Subject to approval in advance by their supervisor, full-time employees may take a course during work hours. The following conditions apply:

1. The maximum credit hour load is a single three (3) or four (4) credit hour class per semester for educational assistance and six (6) credit hours for continuous learning. An exception can be made to the stated credit limit by the college president or designee, provided it is in the interest of the effective and efficient operation of the college. The college president, or designee, has the responsibility to ensure that the number of credit hours does not interfere with the normal performance of the employee’s job duties.

2. Faculty are required to ensure that courses taken do not conflict with teaching and college responsibilities.

3. Classified employees are required to adjust their work schedule to fulfill their normal work hours, or annual leave must be taken. A revised work schedule must be submitted with the application for tuition assistance.

c. **Documentation Requirements.** The purpose of educational assistance must be clearly identified by one or more of the categories listed on the Educational Assistance Request Form (VCCS-16), and the purpose for continuous learning must be clearly identified on the Continuous Learning Program Request Form. All requests must be for courses that are job-related or are part of a degree program and must be related to the employee’s professional goals as documented during the faculty evaluation process. Enhancement of student learning will be a component of each employee’s documented professional goals, which must be on file by April 15 of each year to support tuition assistance.
reimbursement requests. All requests for educational assistance/continuous learning must be submitted to the immediate supervisor, along with the following:

1. Supervisory approval. Funds will be provided only to employees who have completed the VCCS-16 form that has been approved by their supervisor and signed prior to the start of class.

2. Documentation of an employee’s acceptance into a degree program (if applicable);

3. The degree or certificate program’s curriculum (if applicable); and

4. The course description.

In an effort to ensure fairness to all college employees in this process, the following procedures for requesting both educational aid options have been established:

d. **Application Process – Tuition Reimbursement.** Employees must submit a request and related documentation to their supervisor for initial approval prior to the start of class.

   Immediate supervisor will review requests carefully for eligibility and for appropriateness of the particular request.

   The approved request and related documentation will be forwarded to the Human Resource Office.

   Upon disposition, the original of each request and related documentation will be returned to the employee. Copies will be maintained in Human Resources.

   Any employee wishing to be reimbursed for credit instruction must submit a VCCS 16 form, along with a copy of their approved documented individual goals or EWP, to their supervisor for approval each semester. Deadlines for submission of requests to the Human Resource Office are as follows:

<table>
<thead>
<tr>
<th>SEMESTER</th>
<th>DEADLINE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>Third Friday in July</td>
</tr>
<tr>
<td>Spring</td>
<td>Third Friday in November</td>
</tr>
<tr>
<td>Summer</td>
<td>Third Friday in April</td>
</tr>
</tbody>
</table>

   Every effort will be made to advise employees of the status of their educational assistance/continuous learning requests prior to the beginning of the course. However, at times, due to budget conditions, this may not always be possible. Employees who elect to proceed with a course prior to receiving confirmation of approval in writing accept personal responsibility for the costs, in the event the request should not be approved.
The employee must submit his/her final grade or training certification to the Human Resource Office within 45 calendar days of the end of term. **Failure to submit a final grade or proof of training to the Human Resource/Payroll Office may result in loss of future educational aid eligibility.**

e. **Promissory Note.** In accordance with the VCCS-16 form, employees who, in addition to educational assistance, are granted a leave of absence with pay for resident study or a leave of absence without pay, must execute a promissory note to this effect. Additional tenets and obligations of educational leave may be found starting with VCCS Policy 3.10, Educational Aid for State Employees.

f. **Award Process:** Educational assistance is normally available for credit courses only, and financial assistance will normally be limited to a maximum of one three (3) or four (4) semester credit hour course per term (maximum dollar amount of $500 per term or $1,000 per fiscal year). Educational assistance is subject to the availability of funds, and amounts may be limited each fiscal year. If, however, a college-offered non-credit course is directly beneficial to an employee’s performance of his/her job responsibilities, educational assistance may be provided if approved by the supervisor prior to the start of class.

Educational assistance will be awarded on a reimbursement basis, subject to:

1. The employee's satisfactory completion of the course;
2. Submission of the grade report; and
3. A paid receipt verifying the cost to the employee.

Satisfactory completion requires a grade of "C" or higher for undergraduate courses and a grade of "B" or higher for graduate (or the minimum specified by the university for graduate credit). In the event that a letter grade is not awarded for an undergraduate or graduate credit course, or a non-credit course, the designation of “Passed” is sufficient.

g. **Prioritization of Requests.** When educational assistance requests exceed available funding for this purpose, the following criteria will be used to determine priority for competitive selection and approval of requests. Preference will be given to:

1. Faculty and staff who have documented professional goals on file;
2. Courses or training directly related to the employee’s job responsibilities;
3. Courses or training critical to the needs of the college;
4. Distribution of previously awarded educational aid (in order to balance support among employees and departments);
and

h. **Commitment of employee to share the costs for the courses or training.**

1. **Repayment Provisions**
a. If an employee does not successfully complete a course but remains employed within the VCCS, reductions in the employee’s salary will be initiated to recover the cost of tuition and mandatory fees. The repayment schedule, not to exceed six months, will be initiated immediately.

b. An employee who does not return to the college which granted the leave with pay or partial pay, or resigns prior to the completion of the promissory obligation, will pay the pro-rata portion of the note from existing leave balances or the final salary payment. If recovery of funds is not available from these sources, a repayment schedule with interest at the prime rate plus one (1) percent shall be paid with the final payment due within six (6) months of the employee’s last day of employment.

c. If an employee accepts employment with another Virginia state agency, a release from the promissory note may be obtained, providing that the employing institution reimburses in full the college which granted the leave with pay.

Continuous Learning Program

a. Eligibility Requirements – Program Criteria: Courses included in this program must be offered by the college and may be part of a degree program or for professional development.

b. Employee Eligibility for Continuous Learning Assistance – Full-time and part-time instructional faculty, administrative/professional faculty, and full-time classified employees may take continuous learning courses.

c. Program Requirements—Employees may take continuous learning courses only at the community college where they are employed. No more than 6 (six) credit hours may be taken in a semester.

CHANCELLOR’S FELLOWSHIP FOR CLASSIFIED EMPLOYEES (SUPPORT STAFF)

Purpose

To ensure that capable classified employees within the VCCS have an opportunity to work toward degrees that will enable them to enhance their contributions to the community college mission, the Chancellor’s Fellowship is established to provide up to a one-year leave of absence with some financial support for community college programs and baccalaureate and graduate study at a state-supported institution of higher education.

The Distinguished Service Awards Program

The Distinguished Service Awards Program, which includes the Distinguished Teaching Award and the Distinguished Service Award, was established by Nathaniel W. Pendleton, Jr. in memory of his father, Nathaniel Willis Pendleton, Sr., to recognize and encourage excellence in teaching and service at Wytheville Community College. Nathaniel Willis Pendleton was Wythe County’s representative in the Virginia House of Delegates, who, together with State Senator D. Woodrow Bird, introduced the necessary enabling bills in the 1962 General Assembly to establish WCC and appropriate its operating funds.

The initial endowment came from the Pendleton Construction Corporation Foundation with subsequent additions being made by members of Delegate Pendleton’s family.

Distinguished Teaching Award

Any WCC full-time or part-time teaching faculty member is eligible for the Distinguished Teaching Award. Qualities which determine excellence in teaching vary with individuals and areas of instruction. Although the qualities may resist precise definition, the Awards Committee will require a written statement in justification of a nomination. This statement should give consideration to such qualities as the ability to inspire students to perform beyond normal expectations; responsiveness to needs within and outside the class; contributions to improve the intellectual climate of WCC; and the individual’s depth and breadth of expertise, sensitivity, enthusiasm, and dedication. It is expected that emphasis will be placed on performance in the traditional classroom setting, but other aspects of teaching should not be ignored. Nominations should also consider the degree to which a nominee stands unique and distinguished in the eyes of students and the WCC community.

Distinguished Service Award

Any current or past employee of WCC, Local Board member, Foundation Board member, alumnus, advisory committee members, or otherwise friend of Wytheville Community College, except if employed by the WCC Educational Foundation or the alumni agencies, is eligible for the Distinguished Service Award. This award recognizes members of the WCC community who have given the College exceptional service, other than teaching, in a manner that is beyond the normal expectations and above specific monetary compensation. This award is intended to recognize outstanding individuals who have given to the enduring life of the College in unique and exemplary ways. Recipients are selected based on criteria such as the success of the individual’s service and that of any activity, organization, or committee guided by the nominee; extraordinary effort and time on the part of the nominee; or success in originating and developing an activity or facility which has been of benefit to the College community.

The WCC Awards Committee reviews the nominations and selects recipients. Because the awards are ones of special recognition, the awards are not automatically given each year. More detailed information about the Distinguished Service Awards Program is available from the WCC Educational Foundation Office.

Wytheville Community College Improvement of Instruction Award

The “WCC Improvement of Instruction Award” recognizes notable contributions to the improvement of instruction at Wytheville Community College. Its intent is to honor a full-time employee of Wytheville Community College who holds faculty rank or is a community college instructional assistant. The annual award will be in the form of a cash gift and a commemorative plaque. The WCC Awards Committee will review the nominations and select a recipient. Because the award is one of special recognition, the award is not automatically given each year.

Commonwealth of Virginia Service Awards

Recognition awards are presented to full-time employees based on years of State service with the Commonwealth. The awards begin with five years of service and are presented thereafter on five-year increments. These awards are presented to employees during Fall Semester in-service. The award will include a certificate of service along with an award selected by the recipient.

Resignations

Full-time Classified Employees

Whenever a full-time employee plans to resign, that person must submit an official letter to the President stating such intent as early as possible. A copy of the letter should also be submitted to the immediate supervisor of the employee and to the Human Resource/Payroll Office. An employee who plans to resign is asked to give reasonable notice (at least two weeks) along with a written explanation for the resignation. A college-wide announcement will be made by the President (or designee) when the resignation has been accepted. The separation date of an employee is generally the last day the employee worked. The employee may also use any accrued leave prior to separation. If the employee chooses to use accrued leave, the termination date would be the last day of leave used.

Benefits Upon Resignation/Separation:

Health insurance coverage terminates on the last day of the last month of full-time employment. Employees resigning are eligible, with few exceptions, for continuous participation in the employer offered health coverage under the provisions of the Extended Coverage Notice from the Human Resources Department (COBRA). Premiums are fully paid by the resigned employee plus a two-percent administrative fee. Each dependent on an employee’s health contract may choose to elect coverage. For continued health coverage, the employee must contact the Human Resources/Payroll Office to complete the required documentation prior to departure.

Revised November 9, 2015
Revised November 2014
Employees may convert the employer-paid Group Term Life Insurance and the Optional Life Insurance to an individual policy without a physical examination, provided they apply within 31 days of termination and meet eligibility criteria. The employee will be responsible for all premiums.

Wage Employees

At-will employees (wage employees) are requested to submit a letter of resignation to their immediate supervisor indicating their intent as early as possible.

Exit Interview

In lieu of an exit interview with the President, employees are asked to complete an Exit Interview form and submit the completed form to the Human Resource Office. However, employees may request an exit interview with the President.

Separation Checklist

Separating/Terminating full-time employees are required to complete a Separation Checklist to ensure keys, equipment, credit cards, and other materials that are owned by the College are returned prior to departure. The supervisor of the separating/terminating employee will work with the Human Resource Office to ensure that the checklist is completed. The cost for any items not returned, and the cost incurred by the College as a result of replacing the items, will be charged to the employee to whom the items were issued.

Reduction in Staff/Layoff

The purpose of the Layoff Policy for restricted and classified employees permits agencies to implement reductions in the workforce according to uniform criteria when it becomes necessary to reduce the number of employees or to reconfigure the work force including change of positions from full-time to part-time status. The decision to implement layoff must not be made on the basis of an employee’s race, color, religion, gender, age, national origin, disability, or political affiliation.

Wage (1500 hour) employees are employed at the discretion of the College and can be separated or terminated at the direction of the College President (or designee). As wage employees are not covered by the Virginia Personnel Act, they are not eligible for severance benefits.

If employees have a need to access college facilities (buildings and/or offices) during hours when the buildings are closed, and security personnel are on duty, check in with the Police Department when they arrive and when they depart for safety purposes. If they need to access their offices or work during a time when security staffing is not on site, it is their responsibility to ensure that someone in their household knows that they are here and that they have departed safely. This protocol is for the safety and protection of all employees and should be followed vigorously each time they enter and exit campus during times that the campus is closed.

In the case of an emergency, emergency telephones are located at the following locations:

Decisions concerning the closing or late opening of Wytheville Community College due to inclement weather will be made by college officials on a daily basis and will be announced via local media sources as well as the WCC Alert System. Announcements are also posted on the website and the Weather Hotline.

Employees should not be influenced by announcements concerning the public school system as the College is not a part of that system. See the WCC Inclement Weather Closure Policy for additional information: [http://www.wcc.vccs.edu/inclement-weather-delayed-schedule](http://www.wcc.vccs.edu/inclement-weather-delayed-schedule).

In conformance with the foregoing policy, the following guidelines are set forth:

- Staff members should, as a matter of courtesy, notify the president (or Chancellor) of their intention to seek public office or to accept an appointment to public office prior to the time such information is made public through notices of the press or other media.

APPENDIX A

**WCC Return To Work Policy**  (revised 2006, reviewed November 2014)

**I  Policy Statement**

It is the policy of Wytheville Community College (WCC) to retain valued employees, to achieve the safe and timely return of injured or ill employees to the workforce, and to reduce agency costs related to disability. This policy shall apply to all WCC employees who are restricted in the performance of their essential functions due to compensable, work-related and non-work related injuries and illnesses.

**II  Notification Procedures**

**WORK-RELATED ILLNESS AND INJURY**

An employee must immediately notify his or her supervisor of any work-related injury. The employee and/or supervisor must notify the Human Resources Office to complete and submit the **Employer's First**

Revised November 9, 2015
Revised November 2014
**Report of Accident** form within 24 hours of the incident. As required by Virginia Workers’ Compensation law, the Human Resource Officer will also offer the employee a listing of at least three physicians skilled in the handling of work-related injuries. This panel shall be obtained from the listing maintained by the Commonwealth’s Office of Workers’ Compensation.

The Human Resources Officer, who will serve as the agency’s Return-to-Work Coordinator, will review the Employer’s First Report of Accident form and submit it to the Workers’ Compensation Program (WCP), administered by the Department of Human Resource Management, within ten days from the date the agency receives notice of the work-related injury.

**NON-WORK RELATED ILLNESS AND INJURY**

For non-work related illness or injury, an employee must notify his or her supervisor as soon as possible after the personal injury or onset of the illness or medical condition that restricts the performance of the employee’s regular duties.

In either event, within a reasonable time period of the injury or illness, the Human Resource Officer will communicate with the attending physician. This communication may include a discussion of return-to-work options, such as transitional duty, which is a temporary situation when an employee returns from a work-related or non-work related injury or illness to medically restricted or modified duties. Under transitional duty, duties assigned can be those identified in the employee’s current Employee Work Profile with restrictions or another assignment entirely. The Human Resource Officer will submit the employee’s Employee Work Profile including the physical demands requirements of the job, to the attending physician to be used in the evaluation of a transitional duty recommendation (if necessary).

### III Return-to-Work Options

**Released to Return to Work with no Restrictions:** If the employee is released to return to work and can perform the essential functions of his or her pre-injury/illness position, the physician’s office or the employee will give the release to the Human Resource Officer, who will coordinate a start date for the employee to report to work. The employee or the Human Resources Officer will notify the WCP and the Virginia Sickness and Disability Program (VSDP – UNUM Provident), if applicable.

Released to Return to Work with Restrictions: If the employee is released to return to work with restrictions, the Human Resource Officer and the employee’s supervisor will review the restrictions set forth by the attending physician and will decide if the agency is able to provide transitional duty for the employee. Transitional duty must meet the agency’s staffing needs and accommodate the employee’s medical restrictions while taking into consideration the welfare and safety of the employee, co-workers, and customers.

Revised November 9, 2015
Revised November 2014
The Human Resource Officer will schedule an initial return-to-work meeting with the employee and the employee’s supervisor to coordinate the return to work. They will develop transitional duties, which will focus on the employee's abilities as well as comply with the employee's medical restrictions and the College mission.

The Human Resource Officer will complete the **Transitional Employment Plan** (attachment), which serves as documentation of the duties the employee will perform during the transitional duty period. The Human Resource Officer will review the **Transitional Employment Plan** with the injured/ill employee and the employee’s supervisor, obtain their signatures, and then submit it to the attending physician for approval.

The employee or the Human Resources Officer will communicate this return to work to the WCP and also will notify VSDP (UNUM Provident), of the employee's return to work (if applicable).

During transitional duty, the Human Resource Officer will meet with the injured/ill employee to discuss concerns and to evaluate his or her progress every month. Transitional duty may be altered, upgraded, or changed in a manner consistent with medical restrictions and in accordance with an individual's improved condition. The Human Resource Officer, in coordination with the employee’s supervisor, may amend the **Transitional Employment Plan** should the employee demonstrate improvement or regression. Any amendments must be resubmitted to the attending physician for approval and a copy forwarded to WCP and VSDP (UNUM Provident), if applicable.

If the employee cannot return to work in his or her pre-injury/illness job, the Human Resource Officer will attempt to coordinate a return to work within another department.

**No Release to Return to Work:** If transitional duty is not possible for an employee within the agency or if the employee is not released to work, the Human Resource Officer will maintain communication with the employee, WCP, VSDP (UNUM Provident) [if applicable], and the attending physician in order to obtain the employee’s prognosis for recovery and the employee's functional capacity.

IV Length of Transitional Duty

Transitional duty shall be made available to those employees who are expected to return to their pre-injury/illness position and normally may not exceed 90 days. At the conclusion of 90 days, the supervisor in consultation with the Human Resource Officer may terminate the transitional duty assignment. If it is determined that the employee has long term restrictions that result in his or her inability to perform the essential functions of his or her primary position, the provisions of the Americans with Disabilities Act (ADA) and other applicable laws will be applied to determine suitability for employment.
