• Community services to area citizens of all ages (these services provide cultural and educational opportunities that complement and supplement the efforts of other educational and social services as well as governmental entities.

• General education courses designed to teach the knowledge, skills, and attitudes that people need to succeed in their positions at home, at work, and in society.
II. Adjunct Faculty

A. Adjunct (Part-time) Faculty’s Job Responsibilities

The primary responsibility of a part-time faculty member in the Virginia Community College System is to provide quality instruction for students. This objective is accomplished by working with students in classes, laboratories, individual conferences, and other related activities that will help them develop their interests and abilities to their fullest capacity.

Each faculty member is responsible for the appropriate preparation and delivery of subject matter to be taught, regular evaluation and feedback of student performance and progress, maintenance of accurate class rolls and attendance records, and the prompt submission of grades. Faculty members are expected to attend the scheduled adjunct faculty development session each year. Faculty development sessions are scheduled at Wytheville Community College each fall semester.

An “Information Checklist” has been developed to assist part-time faculty members in meeting their duties and responsibilities. This “Information Checklist” will prove beneficial in meeting the needs of students. (See pgs. 15-16)

Each new adjunct faculty is sent a “New Adjunct Faculty Instruction” letter to help gain access to PeopleSoft, find Username, Empl ID, and directions to log in to VCCS email. It also describes how to access the Faculty Center in PeopleSoft and find class rosters. The Employee ID used by payroll is given to the new adjunct via this correspondence. (See pgs. 82-89 for a copy of this letter).

B. Adjunct Faculty Personnel Files

The college is required to maintain a personnel file for each adjunct faculty member which is kept in the Office of the Vice President of Instruction and Student Development and contains at least the following information:

- Commonwealth of Virginia State Application
- Official transcripts from all colleges attended
- Credentials verification sheet completed by the appropriate dean or director
- Appropriate contract documentation

Official transcripts are often the hardest documentation to obtain since this information must be requested from other institutions by the adjunct faculty member. All faculty members should request official transcripts as quickly as possible after classes are arranged in order to assure that they will be paid in a timely fashion.

C. Reference and Background Check

All new employees (full-time and adjunct teaching faculty, administrative/professional faculty, classified staff, and wage employees), and current employees who transfer into such positions as classified, administrative/professional, and teaching faculty positions will be required to obtain a satisfactory background check. The minimum investigation will always include the following:

- Criminal history check
- Sex Offender check
- DMV history
- Social Security number verification
- Professional reference check

A reference from the current (or most recent) supervisor is strongly preferred. If this is not feasible, references from two former immediate supervisors must be obtained in addition to checks of other appropriate references.

- All employees are subject to an e-verify check to determine employment eligibility as a condition of employment.
Some positions will require additional background investigations based upon the nature or importance of the position to the college and the community. All background check information should be completed prior to an offer of employment; however, an exception statement may be noted on the contract for employment, indicating conditional employment until a satisfactory background check has been completed.

Any information derived from a background check shall be maintained in the strictest confidence possible and retained in the Human Resource Office. Only essential personnel involved in the hiring process shall be informed, on a need-to-know basis, of the results of the background check.

D. Substitute Instructors

Every scheduled class is to be held. If a faculty member must be absent from a class, arrangements for a substitute instructor or other appropriate makeup work must be made in advance, when possible, through the appropriate Dean or Vice President of Instruction and Student Development. Students are to be given advanced notice of such arrangements.

E. Office Hours

A minimum of one office hour outside of class per class taught must be scheduled each week to assist students. Adjunct faculty should announce these hours at the beginning of the semester and should provide the appropriate Dean, Site Coordinator, and/or Evening Administrator a copy of this schedule. A location for student consultation will be arranged when needed. Adjunct office assignments, when needed, are made through the appropriate Dean.

F. Evaluation of Instruction

Student evaluation of adjunct faculty will be conducted every semester. Faculty will receive a copy of the evaluation instrument(s) and results from the appropriate Dean. Reemployment is based on, among other criteria, evaluation results. Deans, in consultation with the Site Coordinators and/or other appropriate college staff members, are responsible for recommending reemployment. Adjunct faculty will receive an annual evaluation from their division Dean or Vice President.

G. Course Syllabus

A course syllabus, to be submitted to the Division Dean, is required for each course offered by the College. Course syllabi are developed by full-time faculty from a template for use by both the adjunct faculty and dual enrollment faculty. In order to ensure course consistency, these templates will be used by adjunct faculty and dual enrollment faculty for all sections of the course. (Deans keep a file of course syllabi for each course offered in their Division).

The following basic elements are included in each course syllabus template:

1. Course title and number
2. Faculty member’s name, contact information, and office hours
4. Course Objectives
5. Methods of Evaluation of SLO’s
6. Table of Student Resource links
7. Course content in outline form
8. Course requirements, i.e., papers, exams, special projects
9. Grading scale and information

Adjunct faculty may add additional elements to their syllabi, but no elements from the syllabus should be deleted. (See Appendix B).

H. Appointment of Adjunct Faculty

Initial appointment of adjunct faculty is governed by the VCCS-29 Form (Normal Minimum Criteria for Each Faculty Rank). The form provides minimum academic related professional and teaching criteria for each academic rank. The adjunct ranks of Adjunct I,
II, III, IV, and V are equivalent to the full-time ranks of Assistant Instructor, Instructor, Assistant Professor, Associate Professor, and Professor respectively. For additional information see:
http://myfuture.vccs.edu/WhoWeAre/PolicyManual/tabid/103/Default.aspx

NOTE: Per VCCS policy, Adjunct Faculty are limited to teaching no more than 12 Credit Hours per semester in Fall and Spring and 8 Credit Hours during the Summer session.

Faculty credentials and rate of pay are documented on the VCCS-10 (Faculty Qualifications Summary) using the same standards as those applied for hiring full-time, nine-month faculty. The following procedures are used to determine the entry-level salary within each academic rank:

- Determine academic rank based on teaching assignment and educational/occupational qualifications.
- List minimum salary (as stated on current VCCS-18).
- Additional salary may be given for education, related occupational experience, and teaching experience beyond the minimum criteria.
- This salary equivalent is then converted to the equivalent adjunct rate.

I. Voluntary Benefit Options for Adjunct Faculty

While adjunct faculty are not eligible for benefits such as health care, there are some benefits besides the paycheck earnings available to part-time employee.

- WCC pays the employer portion of Social Security benefits for adjunct faculty.
- Through payroll deduction, adjunct faculty are eligible to designate pre-tax dollars from their paycheck to be put into a tax-sheltered annuity fund for retirement. This decreases current taxable income while allowing adjunct faculty to save money. Several companies may be selected to handle this money. The options are flexible and can be annually changed including the amount saved, which company is used, and how dollars are invested. This is a long-term savings plan; withdrawals before the age of 59 1/2 years old will incur a 10 percent tax penalty in addition to paying taxes on the sum at the employee’s regular tax rate. Please contact the HR/Payroll Office to take advantage of this money-saving benefit.

J. Promotion of Adjunct Faculty

Eligibility for promotion of adjunct faculty is governed by the VCCS-29 Form (Normal Minimum Criteria for Each Faculty Rank). The form provides minimum academic related professional and teaching criteria for each academic rank. The adjunct ranks of Adjunct I, II, III, IV, and V are equivalent to the full-time ranks of Assistant Instructor, Instructor, Assistant Professor, Associate Professor, and Professor respectively. For more information, please see:
http://myfuture.vccs.edu/WhoWeAre/PolicyManual/tabid/103/Default.aspx

Promotion

The minimum criteria established for promotion to a higher rank are outlined on the VCCS-29 in terms of academic credentials (degrees, hours in field, etc.) and professional experience. However, many adjunct faculty are not teachers or instructors by profession and it is difficult for them to meet “Teaching Experience” requirements even though they have substantial teaching experience at WCC. “Teaching Experience” requirements have been understood to mean full-time teaching experience; therefore, some adjunct faculty may never be eligible for promotion. The following is established for these faculty members:

For consideration for promotion of adjunct faculty, and for purposes of meeting minimum teaching experience criteria, thirty (30) semester credits of adjunct teaching will be equivalent to one year of teaching experience. Adjunct teaching experience may not be considered in meeting hiring criteria if the adjunct faculty accepts a full-time appointment.

Adjunct faculty who are eligible for promotion will be recommended to the Vice-President of Instruction and Student Development using the Eligibility for Promotion Form. It is the responsibility of the adjunct faculty to request a review of eligibility by his or her Division Dean.
Salary Increments

Some adjunct faculty will not be eligible for promotion because their academic (or professional experience) credentials do not meet minimum criteria. Recognition of experience in teaching part-time at WCC may be obtained through per credit hour pay increments. The following is in place for adjunct faculty who fall into this category:

Each time the adjunct rate is increased by the VCCS, the adjunct faculty incremental increases will be added to the new base.

Pay Schedule

“Payline” is an online tool that provides the means to view and print personal earnings and benefits for each payday as well as the W-2 at the end of the calendar year. Payline can be found at payline.doa.virginia.gov.

At the beginning of each semester, a pay schedule will be emailed to adjunct faculty that covers the majority of the contracts; however, the pay schedule will depend on the beginning and end dates of the contract.

For more information, contact the Payroll Office at (276) 223-4870.

Faculty Handbook and Employee Handbook

The Faculty Handbook, the Employee Handbook, and the current college catalog should give adjunct faculty the basic information for day-to-day operations. The college’s policies and procedures regarding affirmative action, academic freedom, evaluations, grievance, substance abuse, sexual harassment, etc. are found in these handbooks. Copies of these Handbooks are available for part-time lecturers via the WCC website at: http://www.wcc.vccs.edu/sites/default/files/WCCFacultyHandbook.pdf and http://www.wcc.vccs.edu/sites/default/files/15-WCC-Employee-Handbook-Final-Revision-Nov-2015.pdf.

Adjunct Faculty Integration

The importance of quality instruction by adjunct faculty is paramount to the fulfillment of the WCC mission. Therefore, integration of adjunct faculty into the overall mission of WCC is very important.

A number of policies and procedures have been adopted to support and serve the work of adjunct faculty including orientations, training materials, seminars, workshops, newsletters, weekly bulletins, and others. It is the responsibility of each adjunct faculty member to become familiar with this information and become as much a part of WCC as possible.

**Information Checklist**

1. The first day of class for **Fall Semester 2016** is Monday, August 22nd.

2. The last day to ADD classes for **Fall semester 2016** is Wednesday, August 31st (15-week classes) without instructor approval and September 7 with instructor approval.

3. **Class Rosters – Instructors must access class rosters on the SIS during the first week of classes.** Please check to see that all students attending class are on this roll. **Do not** let students continue to attend class without proof of registration (i.e., student copy of the Registration Form). An official roster will be accessible later in the term for recording of grades on the SIS. **NOTE:** Please be aware that students who drop your class will still appear on Blackboard. You must check your class roster on SIS for accurate class rolls.

4. **“SAILS” Early Alert System** - The Student Assistance and Intervention for Learning Success (SAILS) Early Alert system, using Starfish Retention tools, is utilized at WCC to support the goal of student success. SAILS allows instructors to identify, communicate with, and provide guidance to students demonstrating behaviors, performance, and characteristics that correlate with the failure to succeed academically.

SAILS is not just an early alert system but also a course management and communication system. It offers instructors a convenient method to communicate directly with students regarding their progress in the course. Students who receive feedback early in the semester regarding their progress are more likely to seek assistance and support when needed. SAILS gives instructors a quick way to keep track of their students’ academic performance by raising “flags” when student behavioral patterns cause concern or by sending “kudos” to acknowledge positive contributions to academic success. An email notification is automatically generated to the students for all raised items except for the general concern flag. Student support services and the student's academic advisor are notified and provide the appropriate intervention and assistance for any raised flag. Instructors receive an email prompting them to submit a progress survey twice a semester: once in the first two weeks of the class and again as a mid-term progress report, prior to the last day to withdraw with a grade of "W." Instructors should submit their progress surveys promptly for all their courses after receiving the email. If the instructors do not have feedback for their students, they should select no feedback and then submit.

Instructors can raise the following flags: Assignment Concerns, Attendance Concern, In Danger of Failing, Low Participation, Low Quiz/Test Scores, and Never Attended. Instructors can add comments to provide students with additional information regarding their progress. Comments are listed in the email message to students and all comments are disclosable by FERPA. Instructors should write comments to the students not about the students, as they are included in the students’ email message. Students receive an automated email message signed by their instructor for all raised flags and kudos, including the comments provided by their instructor.

Students are directed to follow-up with their instructor regarding all flags and to visit the appropriate office, such as Financial Aid, Veteran Affairs, Counseling, and/or Learning Assistance Services. Instructors are responsible for clearing the flags after concerns and appropriate resources have been discussed with their student.

5. **“Academic Alert”** – During the fifth week of each semester, instructors will receive directions for submitting academic alerts. Faculty must report all students earning a grade below C, so academic advisors can counsel with students to determine steps toward academic success.

6. **Non-Attendance Policy**: During the add/drop period or first two weeks of the course, a student must have attended a minimum of one class meeting or the equivalent in the case of a distance learning course. In a distance learning course, initial student attendance is determined by course participation as measured by accessing and using course materials, completion of a class assignment, participation in a course discussion, or other evidence of participation. Students who enroll in a course but do not attend a minimum of one class meeting or the distance learning equivalent by the census date or earlier date as defined and published by the institution must be administratively deleted from the course by the college. Existing college policies regarding tuition refund shall remain in effect.

7. **Instructor-Initiated Withdrawal**: After the third week of a course and until the 60% mark (last day to withdraw and receive a “W”), the instructor can use the Instructor Initiated Withdrawal Policy outlined in the College Catalog and Student Handbook. A student who misses more than twice the number of weekly meetings of a course and is unsatisfactorily progressing (U, W, or F) can be withdrawn by the instructor by completing the Instructor Initiated Withdrawal form and submitting it to the Admissions office. Students can request re-entry into the course. Re-entry must be approved by the instructor. If the instructor utilizes this policy, it must be included in the course syllabus.

8. **Inclement Weather** – Register for the text messaging system or please listen to a radio or television station in your area for day or evening class cancellations. Ordinarily the cancellation decision is made prior to 6:30 a.m. for day classes and 4:30 p.m. for evening
9. Office Hours – A minimum of **one office hour outside of class per class taught** must be scheduled each week to assist students. Adjunct instructors should announce these hours at the beginning of the semester and should provide the appropriate Dean, site coordinator, and/or evening administrator a copy of this schedule. A location for student consultation will be arranged when needed. Adjunct office assignments are made through the appropriate Dean.

10. Changing Class Meeting Time – If all students and the Division Dean are in agreement, the instructor may change the time the class meets. The instructor must inform the Regional Site Coordinator of this change. This change must be reflected in the SIS.

11. Resource Materials – Contact the IT Department, 276-223-4730. If the course is taught at an off-site location, contact the Regional Site staff in advance to arrange audio-visual equipment. Also, instructors may contact the WCC librarian to arrange to check out reference materials, tapes, and DVD’s. If Audio Visual Resources are needed, they can be requested through SchoolDude.

12. Tobacco Products - Tobacco and Related Products - Smoking is defined as any product or apparatus (such as an electronic or e-cigarette) that emits smoke or is designed to simulate smoking cigarettes or any other tobacco product. At this time, smoking is allowed in certain designated areas. In situations where there is no designated area, the smoker should be 25 feet from the closest building. The use of tobacco products is not permitted inside any WCC building, including the Crossroads Institute and The Summit Center.

13. FERPA Guidelines - The Family Educational Rights and Privacy Act of 1974, as amended, is a federal law which allows students access to their educational records and prohibits the release of information from students’ educational records by the institution without the written consent of the student, with certain specified exceptions. (Do not post grades. Students have access to their grades through the SIS.)

Wytheville Community College accords all rights under the law to students who are declared independent. No one outside the institution will have access to, nor will the institution disclose, any information from the students’ educational records without written consent of students, except to personnel within the college, to officials of other institutions in which students seek to enroll, to persons or organizations providing students financial aid, to accrediting agencies carrying out their accreditation functions, to persons in any emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the act.

At its discretion the institution may provide directory information in accordance with the provisions of the act to include:

1. Student’s Name
2. Address
3. Telephone number
4. Date and place of birth
5. Major field of study
6. Dates of attendance
7. Degrees and awards received
8. The name of the most recent previous educational agency or institution attended by the student

Directory Information will be withheld for students who notify the Admissions and Records Office in writing within two weeks of the first day of class for the fall term. Request for non-disclosure will be honored by the institution for only one academic year; therefore, authorization to withhold directory information must be filed annually in the Admissions and Records Office. Copies of the law and WCC’s policy for implementing it are available in the Admissions and Records Office and are on reserve in the WCC Library, along with the copy of the WCC policy on retention and disposal of records.

Faculty are required to enter grades in the SIS. Assistance can be obtained by calling Martha Winesett at 223-4759. Instructions are also available on the WCC webpage and in Appendix A (p. 30) of this document.

14. Exams — Exams must be given on the scheduled dates. Giving early exams or not meeting on designated nights must be approved in advance by the appropriate Division Dean.

15. Contracts — Contracts will be mailed after the add/drop period. Contracts should be signed and returned promptly.

16. Mail — The Site Coordinator will assist instructors with their out-going mail and deliver incoming mail to designated locations.

III. Grading

A. Grading System

Grades of A, B, C, D and S are passing grades. Grades of F and U are failing grades. These, along with the R, I, X and W are given more detailed explanation in the WCC Catalog and Student Handbook.

For additional information see: http://www.wcc.vccs.edu/student-services

Normally, if a student transfers to a four-year college or university, only grades of A, B, and C will be accepted for credit in courses equivalent to those offered at the four-year college or university.

The recommended numerical range of each letter grade is as follows:

- A: 91 – 100
- B: 81 – 90
- C: 71 – 80
- D: 61 – 70
- F: 60 or below
- I: Incomplete
- W: Withdraw

Instructors are not required to follow this recommended scale; however, if an instructor plans to deviate from this range, students should be informed in the syllabus of the intended scale at the beginning of the term.

Final grades must be posted to the SIS web site no later than the date specified on the official college academic calendar.

B. Grade Reports

Students have the ability to access their final grades via the Internet using the “MyWCC” portal, found at: https://wcc.my.vccs.edu/jsp/home.jsp.

C. SAILS

The Student Assistance and Intervention for Learning Success (SAILS) Early Alert system, using Starfish Retention tools, is utilized at WCC to support the goal of student success. SAILS allows instructors to identify, communicate with, and provide guidance to students demonstrating behaviors, performance, and characteristics that correlate with the failure to succeed academically.

SAILS is not just an early alert system but also a course management and communication system. It offers instructors a convenient method to communicate directly with students regarding their progress in the course. Students who receive feedback early in the semester regarding their progress are more likely to seek assistance and support when needed. SAILS gives instructors a quick way to keep track of their students’ academic performance by raising “flags” when student behavioral patterns cause concern or by sending “kudos” to acknowledge positive contributions to academic success. An email notification is automatically generated to the students for all raised items except for the general concern flag. Student support services and the student's academic advisor are notified and provide the appropriate intervention and assistance for any raised flag. Instructors receive an email prompting them to submit a progress survey twice a semester: once in the first two weeks of the class and again as a mid-term progress report, prior to the last day to withdraw with a grade of "W." Instructors should submit their progress surveys promptly for all their courses after receiving the email. If the instructors do not have feedback for their students, they should select no feedback and then submit.

Instructors can raise the following flags: Assignment Concerns, Attendance Concern, In Danger of Failing, Low Participation, Low Quiz/Test Scores, and Never Attended. Instructors can add comments to provide students with additional information regarding their progress. Comments are listed in the email message to students and all comments are disclosable by FERPA. Instructors should write comments to the students not about the students, as they are included in the students’ email message. Students receive an automated email message signed by their instructor for all raised flags and kudos, including the comments provided by their instructor.
Students are directed to follow-up with their instructor regarding all flags and to visit the appropriate office, such as Financial Aid, Veteran Affairs, Counseling, and/or Learning Assistance Services. Instructors are responsible for clearing the flags after concerns and appropriate resources have been discussed with their student.

D. Academic Alert

During the fifth week of each semester, instructors will receive directions for submitting academic alerts. Faculty must report all students earning a grade below C, so academic advisors can counsel with students to determine steps toward academic success.

E. Incomplete Grade

When a student receives an incomplete grade, the following information should be sent by the instructor to the office of the appropriate Dean or Vice President:

a. Incomplete Grade Form (see Appendix A on page 33)

b. Description of the work to be made up

Upon completion of the work, Instructors must appear in person at the Admissions and Records Office to complete and submit the “Change of Grade Form” which the Instructor will then send to the Registrar’s Office and Dean. The “I” grade will be converted to an “F” if the “Change of Grade Form” is not received in the Registrar’s Office by the end of the subsequent semester. “I” grades earned in spring may be completed as late as the end of the next fall semester.

Faculty members are further reminded that students may withdraw from a course without academic penalty during the first nine weeks after the beginning of the semester (for regular session) and the student will receive a “W” grade. After that time, the student will receive a grade of “F” except under mitigating circumstances that must be documented. A copy of the documentation must be placed in the student’s academic file. This written documentation must be received in the Registrar’s Office before the deadline to turn in grades. The “W” grades for all students who withdraw after the nine week period and who do not have the proper documentation, will be automatically changed to an “F” grade.

The assignment of grades is the responsibility of the Instructor.

F. Non-Attendance Policy

During the add/drop period or first two weeks of the course, a student must have attended a minimum of one class meeting or the equivalent in the case of a distance learning course. In a distance learning course, initial student attendance is determined by course participation as measured by accessing and using course materials, completion of a class assignment, participation in a course discussion, or other evidence of participation. Students who enroll in a course but do not attend a minimum of one class meeting or the distance learning equivalent by the census date or earlier date as defined and published by the institution must be administratively deleted from the course by the college. Existing college policies regarding tuition refund shall remain in effect.

G. Instructor-Initiated Withdrawal Policy

After the third week of a course and until the 60% mark (last day to withdraw and receive a “W”), the instructor can use the Instructor Initiated Withdrawal Policy outlined in the College Catalog and Student Handbook. A student who misses more than twice the number of weekly meetings of a course and is unsatisfactorily progressing (U, W, or F) can be withdrawn by the instructor by completing the Instructor Initiated Withdrawal form and submitting it to the Admissions office. Students can request re-entry into the course. Re-entry must be approved by the instructor. If the instructor utilizes this policy, it must be included in the course syllabus.

VCCS WITHDRAWAL POLICY

A student may withdraw from a course without academic penalty during the first 60 percent of an academic term/session. For purposes of enrollment reporting, the following procedures will apply:

a. If a student withdraws from a class prior to the termination of the add/drop period for the session, the student will be removed from the class roll and no grade will be awarded.
After the add/drop period, but prior to the completion of 60 percent of an academic term/session, a student who withdraws from a course will remain on the class roll and will be assigned a grade of "W".

b. After that time (60 percent of the academic term/session), if a student withdraws from a course, a grade of "F" will be assigned. Exceptions to this policy may be made under mitigating circumstances; such circumstances must be documented, submitted to the Dean of Student Success or the appropriate academic dean, approved by the Vice President of Instruction and Student Development, and a copy of the documentation placed in the student's academic file.

A grade of “W” or withdrawal implies that the student was making satisfactory progress in the course at the time of the withdrawal; the withdrawal was officially made before the deadline date published in the college calendar; or the student was administratively withdrawn.

CLASS ATTENDANCE AND “F” AND “U” GRADES FOR NON ATTENDANCE

All students who receive financial aid are awarded that aid based on criteria that includes course credit load. If that load changes (student is withdrawn from class or receives an “F” or “U” as a result of non-attendance), the student’s financial aid award must be adjusted accordingly and the excess money returned. The Auditor of Public Accounts requires that many VCCS colleges, including WCC, must follow the following:

1. Instructor must keep attendance records.

2. Students who have registered but have never attended class by the last day of drop/add (first 2 weeks of class meetings) must be withdrawn and reported to the Admissions and Records Office (“Non-Attendance Form”). The reporting should be done by the end of the week following the last day of drop/add (“See Non-Attendance Form”).

3. For the remainder of the semester, each faculty must review attendance records regularly and fill out an Instructor-Initiated withdrawal form when the number of absences warrants withdrawal for nonattendance, i.e. number of absences equals or exceeds twice weekly meetings and the student grade at the time of the last absence is a “U,” “D,” or “F.” List the last date of attendance on the form. The faculty must submit the form to the Admissions and Records Office within 5 days after determining the student should be withdrawn.

4. Faculty who teach distance education (DE) courses use the last date an assignment was turned in as the last date of attendance. Also, DE faculty should have some indicator during the first two weeks to prove that students plan to begin or stay in the class, such as completing an introductory assignment.

NOTE: If the student is withdrawn within the first 60 percent of the semester, he/she will receive a “W”. After 60 percent of the semester, the student will receive an “F.”

H. Posting of Grades by Faculty

The public posting of grades is prohibited.

I. Academic Records

Retention and Disposal of Records

The retention and disposal of student records is governed by Virginia Community College System policy. The student’s academic file is retained for three years after the date of separation from the college. The student’s permanent record (transcript) is the only official document of a student’s academic history and is retained permanently. Classroom

A. Class Meeting Time

Every scheduled class is to be held, including the final examination, for the full scheduled number of minutes in the assigned room. If a change in classrooms is required, contact the appropriate Dean or the Regional Site Coordinator for authorization and logistical support. In those rare instances when it is necessary to dismiss a class early, permission must be obtained from the instructor’s dean in advance of the date of early dismissal.
B. Textbooks
The required textbook designated by the appropriate division must be utilized for instructional purposes. All sections of a particular class must utilize the same textbook. The instructor’s copy of the text can be obtained through the Dean. Adjunct instructors must return these copies to the appropriate Dean at the end of the semester.

C. Class Admission
Proper registration must be accomplished prior to the last day to add a class. If there is a question regarding a student’s registration, the instructor may request to see a copy of the receipt documenting tuition payment.

A. Faculty Library Services

**On-Campus**

The library is open as follows:

- Monday through Friday – 8:00 a.m. – 5:00 p.m.
- Evening hours may be arranged in advance by contacting Mr. George Mattis, Library Coordinator, at (276) 223-4744.

All persons desiring to check out materials from the library are required to have a special identification card which carries a barcode. Identification cards are available in the library.

The materials in the library include print, non-print, and electronic media. Adjunct faculty members may check out books for four weeks and audio-visual materials for two weeks. These materials may be renewed for one time if a hold has not been placed on them.

Requests for materials to be placed on reserve should be made at least two days prior to the assignment. Personal copies of books or other materials put on reserve by faculty will be protected and circulated as library holdings, but risk of loss or damage will be assumed by those placing materials on reserve. For any reserve materials at all locations, please contact the Coordinator of Library Services for assistance.

Varied resources and services are available in the library. Faculty members are encouraged to use these services and to request assistance of the library staff at any time. Faculty members are encouraged to participate in book selection, particularly in their area of specialization, in order to maintain an updated collection. Instruction in the use of the LRC materials and equipment is available upon request. These services will be provided either in the classroom or in the library itself.

Interlibrary loan services are available to faculty members wishing to obtain materials that are not in the WCC collection.

**Regional Sites**

Library services and resources are available on-campus, at the Crossroads Institute (limited services), and through the library homepage [http://www.wcc.vccs.edu/Library/](http://www.wcc.vccs.edu/Library/). The library’s catalog may be accessed through the homepage as well as numerous electronic databases which support many subject areas. To access the licensed databases, students must follow the instructions for remote access on the homepage. Inquiries regarding library services and resources may be referred to the library staff by e-mail or by using the toll-free telephone number for the college (1-800-468-1195).

Faculty members teaching at regional sites are encouraged to discuss their needs with the Library Coordinator (Smyth Hall, telephone 223-4744).

B. Instructional Technology

**Computer Services**

1. Computer Support

The first stop for computer support is SchoolDude. The SchoolDude program is used for submitting requests for Computer Support and A/V Services. If you need assistance, you will need to submit a request using the SchoolDude System (See Appendix F for SchoolDude instructions). The Help Desk email address (helpdesk@wcc.vccs.edu) is also still being monitored if you do not have
access to SchoolDude. If internet or email service is not available, call ext. 4955 from any campus phone or 276-223-4730 from off-campus. The Information Technology Office is located in Grayson Hall, Room 250 if you want to talk to someone in person.

2. Check-out Policy

Computer equipment may be made available to adjunct faculty on a needs based criterion authorized by the appropriate Division Dean. Requisite forms need to be signed by the faculty member providing justification. The equipment, subject to availability, will be issued to the faculty member for a renewable period not exceeding one semester. The faculty member is responsible for any loss or damage (including cosmetic) to equipment until the equipment is properly checked back into the IT Department. All equipment must be checked back in at the end of the semester for inventory purposes and for any required maintenance unless the faculty member is teaching the following semester and approved by the Dean to continue equipment use.

3. College E-mail Addresses

Part-time instructors must use a college-assigned or VCCS-assigned e-mail address for all student communications in order for the college to comply with Federal FERPA guidelines. Reminders of deadlines and other information from the college will be sent to your official college-assigned or VCCS-assigned e-mail address. Please check this address frequently.

4. Copyright Guidelines

All college employees are expected to obey the United States copyright laws in their use of print and audio-visual materials and electronic media. Illegal copies of copyrighted programs may not be made or used on equipment owned by the college. The legal protection of the college or the VCCS will not extend to employees who violate copyright laws. Employees should consult the learning resources staff for guidance as to the applicability of the copyright laws and education —fair use in specific circumstances.

C. Course Publicity

Publicizing courses is an important part of any successful program. Individuals wishing to be involved with marketing of specific courses must work through and the Wytheville Community College Public Information Office (223-4880).

D. Students with Disabilities

The Americans with Disabilities Act (ADA) states: —No otherwise qualified individual with a disability shall, solely by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity.

“Otherwise qualified” in the ADA means that only those people who are able to meet the technical and academic qualifications for entry into a school, program, or activity are protected by the ADA. This means that accommodations which are a “fundamental alteration” of a program or which would impose an undue financial or administrative burden are not required.

The College has no responsibility for identification and evaluation of students with disabilities. If an evaluation is needed, the expense is the student’s responsibility.

Procedure for Requesting Reasonable Accommodations

It is recommended that the student provide documentation of his or her disability (and may be required for accommodation approval Appendix A p. 31).

The student must:

- Meet the admission requirements: application for admission; transcripts; and placement testing. If accommodations are needed for the placement test, the student must arrange services with the Disability Counselor prior to taking the test.
- Self-identify with the Disability Counselor in Student Services as soon as possible. It is best to self-identify prior to registering to allow for accommodations to be aligned prior to the start of courses.
- Arrange an appointment with the Disability Counselor in Student Services to determine if he or she qualifies for reasonable accommodations.
- Provide appropriate documentation as needed to determine accommodation(s) needed.
• Request specific accommodation(s) as soon as possible. It is recommended doing so well in advance of the start of classes to allow time for accommodations to be developed and for any assistive devices to be provided, changes to the classroom environment be made, etc.

• Discuss the disability with his or her academic advisor and instructors and provide them with a copy of the request for accommodations.

Recommended Syllabus Statement

Students With Disabilities: Any student who feels he or she may need an accommodation based on the impact of a disability should contact the Disability Counselor, at (276) 223-4754 to establish eligibility and coordinate reasonable accommodations as soon as possible.

WCC abides by the Americans with Disabilities Act (ADA), which states:
"No otherwise qualified individual with a disability shall, solely by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity."

"Otherwise qualified" in the ADA means that only those people who are able to meet the technical and academic qualifications for entry into a school, program, or activity are protected by the ADA. This means accommodations that are a "fundamental alteration" of a program or which would impose an undue financial or administrative burden are not required.

The college has no responsibility for identification and evaluation of students with disabilities. If an evaluation is needed, the expense is the student's responsibility. (If you are a student who would like to receive disability services, you will need to follow the procedures listed below.)

First Aid (Regional Sites)

The Regional Site Coordinators are responsible for responding to medical emergencies at regional sites.

In all cases, a telephone and emergency number should be accessible to the site coordinators. First aid supplies are located in the following locations:

Crossroads Regional Entrepreneurial Institute (CREI)
The Summit

Administrators at each of these sites are responsible for checking the first aid supplies twice a month and restocking if necessary.
Emergency
The procedures listed below are to be followed in all emergency cases (or possible emergency cases) involving accident or illness.

1. Keep the injured/ill person quiet and calm. Do not move or allow the person to be moved unless, if by allowing the person to remain stationary, the affected person is deemed to be in further danger.

2. Go to the nearest phone and call 911; be prepared to give the exact location of the victim and the nature and apparent severity of the injury or illness.

3. Call college switchboard (dial —0) and inform the operator of the situation and location — THEN RETURN TO THE INJURED/ILL PERSON AND WAIT FOR PROFESSIONAL ASSISTANCE.

4. Never administer assistance beyond the level of your training.

5. Never give medical advice unless you are trained to do so.

6. The switchboard operator is to:
   - Immediately notify Student Services, who will send someone to the location of the injured/ill person. Student Services will also be responsible for notifying the family if necessary.
   - Notify Campus Police so they can assist the rescue squad in getting to the proper location.

Hospital
If an emergency rescue squad has been called to come to an ill or an injured party’s assistance, determine from the driver of the ambulance the hospital that will receive the injured party. Contact the hospital to alert them that an emergency case will be coming from this college and the nature of the injuries, if possible.

Emergency Phone Number
For all emergencies, dial 911.
Campus Police 276-223-4713

Employees and work-study students are required to file an accident report form with the Human Resources Office or Campus Police immediately after an accident. Students are required to contact the Student Services Office.

F. MANAGEMENT OF PSYCHOLOGICAL CRISIES AND BEHAVIORAL DISTURBANCES

Policy
Wytheville Community College reserves the right to dismiss students or to remove faculty, staff, or patrons from the college when determined through documented evidence that post traumatic / violent behavior may create a danger to him / herself or other college students, faculty, or staff. When an individual is determined to be a danger to him / herself or others, the Office of Student Services will take one or more of the following steps in order to reduce that danger:

1. Notify parents or other responsible person
2. Notify police
3. Request a psychological evaluation of the student, faculty, staff or patron
4. Require that the student, faculty, staff or patron be placed in protective custody of police, parents, or hospital
5. Require that the student be withdrawn
6. Dismiss / remove student, faculty, staff or patron from college immediately
Because of the educational philosophy of the institution and the communities it serves, College officers will act in the best interests of the college and community as well as the individual. Similar action may also become necessary when there is repeated documentation of behavior which indicates that a student, faculty, staff, or patron is unable to be responsible for his/her behavior to the extent that the behavior significantly interferes with the ability of other students, faculty, and staff to continue or complete their work and to pursue an orderly course of living and study. This action may necessitate that the student, faculty, staff, or patron be withdrawn or removed from the College.

“Faculty and Staff Action Guide Provided by Threat Assessment Team” can be found on the WCC website:
http://www.wcc.vccs.edu/sites/default/files/WCCThreatAssessmentTeamActionGuide.pdf

**Implementation**

Determination will be based upon verification of a physical act, verbal statements, and/or a demonstrated lack of the individual’s ability to be responsible for his/her behavior. Administrative decisions by the Dean of Student Success and Academic Advancement in this regard will not be considered to be judicial or punitive actions where a violation of the Student Conduct Regulations or Wytheville Community College and Virginia Community College Policies has not occurred.

Students, faculty, staff, or patrons who leave the campus community for psychological/medical intervention and treatment will be required to submit to the Dean of Student Success and Academic Advancement an evaluation by a psychiatrist or licensed mental health professional which addresses the appropriateness of their return to campus and their ability to function at a responsible level of behavior in the community. This evaluation will be reviewed by the college Threat Assessment Team, and the Team will determine if the student/employee/patron can return to the college.

**G. Weapons Policy**

Wytheville Community College prohibits threats and acts of violence on college property, within college facilities, at any college-sponsored event; while engaged in college business, educational, or athletic activities; and while traveling in state vehicles. - brandishing, using or possessing a weapon without a permit to carry a concealed weapon by third parties while on campus in academic or administrative buildings, or while attending a sporting, entertainment, or educational event, when specifically asked by the college to agree not to possess a weapon as a condition of attendance. This provision does not apply to law enforcement personnel.

This provision does not apply to law enforcement personnel.
- intentionally damaging property;
- threatening to injure an individual (including oneself) or to damage property;
committing injurious acts motivated by, or related to, domestic violence or sexual harassment; and retaliating against any employee or student who, in good faith, reports a violation of this policy.

**Consequences of Policy Violations:**

1. Employees violating this policy will be subject to disciplinary action up to and including termination and criminal prosecution using existing policies and procedures including Section 3 of the VCCS Policy Manual or DHRM Policy 1.60, Standards of Conduct. Additionally, employees who are identified as engaging in the use of threatening language or behavior may be required, as a condition of continued employment, to participate in a mental health evaluation as part of a threat assessment process, and receive approval from the mental health evaluator that they are not a risk to themselves or others.

2. Students violating this policy will be subject to disciplinary action as outlined in the college’s Student Handbook, and other college policies as appropriate. Additionally, students who are identified as engaging in the use of threatening language or behavior may be required, as a condition of continued enrollment, to participate in a mental health evaluation as part of a threat assessment process, and receive approval from the mental health evaluator that they are not a risk to themselves or others.

3. Visitors and third parties violating this policy will be subject to applicable, state, and federal laws, and associated regulations, and may be barred from the college/System Office at the college’s/System Office’s discretion for violating this policy. V. Logistics

A. Parking Regulations (Main campus)
On-campus parking facilities are provided for faculty, administration, staff, and students. No parking permit is required. Parking spots posted for particular patrons (i.e. dental patients, handicap, etc.) are not available for general parking.

For safety reasons, there will be absolutely NO parking allowed along the roadway leading into the college from East Main Street. Students and staff should park in designated parking areas. Parking regulations are issued to all students in the fall semester, and to new students throughout the year. Wytheville Community College Police will issue parking notices to those who are illegally parked in the loading area or handicapped parking.

Please check with Regional Site coordinators concerning parking regulations at the regional sites.

B. Emergencies
Students will be called from class only in the event of emergency. All emergency numbers are listed below.

**Emergency Phone Numbers**

**Student**
If a student needs to contact a faculty member, or if a student’s family needs to contact him/her while classes are being instructed, he/she should contact the college’s main switchboard at (800) 468-1195 or (276) 223-4700. The message will be relayed to the regional site when appropriate.

C. Inclement Weather
WCC uses an alert system to notify students immediately of a crisis or emergency as well as college delays and closings. Use the link below to access Wytheville Community College Alert System page. After accessing, click the Red button to register.

Wytheville Community College Alert System page: [https://alert.wcc.vccs.edu/index.php?CCheck=1](https://alert.wcc.vccs.edu/index.php?CCheck=1)

Decisions concerning cancellation of evening classes will be made by the Vice-President of Instruction and Student Development in consultation with his/her staff. Ordinarily this decision will be made and will be announced on the radio and television stations throughout the service region. The Institute for Higher Education Policy stresses that accommodations which are a “fundamental alteration” of a program or which would impose an “undue” financial or administrative burden are not required. Please call Student Support Services, Renee Thomas at 223-4754, if you have any questions or if we can help in any way. Thank you for your cooperation!

SAILS

WCC’s Early Academic Alert

Because Wytheville Community College cares about student success, it has implemented an early academic Alert system called SAILS (Student Assistance and Intervention for Learning Success). SAILS links students with a network of support at WCC that may include: faculty advisor, professors, and members of the Student Services staff.

Students and members from the student’s support network at WCC may receive the following: email notices regarding how the student is doing in a course(s), referrals to individuals and staff at WCC for assistance, and appointment requests from the student’s support network. These notices will appear on the student’s SAILS account (accessible through the My Tools page after logging into the MY.WCC portal) and are also sent to student’s college issued email from faculty and staff at WCC. In addition, students can use SAILS to set up meetings with faculty and staff at WCC.

To access SAILS:
   Log into My.WCC
   From the list on the My Tools page click on SAILS

If assistance is needed using or accessing SAILS please contact Student Services located in Bland Hall Inside the ARC (Academic Resource Center) or call (276) 223-4754 or email sails@wcc.vccs.edu.

Course Information

GENERAL COURSE POLICIES:
1. **Attendance is “expected”**. Communication cannot effectively take place unless the speaker and listener interact. Poor attendance will prevent the realization of the 12 course objectives. If you are going to be absent, please call or email the instructor. Tardiness and leaving class early will also affect your participation and attendance grade. **YOU NEED TO ATTEND EACH CLASS AND PLEASE BE ON TIME.** – Please be a few minutes early!
2. **Major Speech Assignments**: If you are assigned to speak and are unable to come, notify the instructor. **Make-up presentations may be arranged only if the student notifies the instructor before (or immediately after) the “excused” absence.** Minute Speeches cannot be made up. Students who omit both of the major presentations (speeches) will not receive credit for the course. All topic will be approved before 24 hours of the day the major speeches start.
3. **Late Work**. If an assignment or speech is late, the grade will be dropped one letter grade.
4. **Tests**: There will be 3 tests worth 20 points. **TESTS CANNOT BE MADE UP**.

5. **Information Celebrations** (Exams): There is a 10 point penalty for not taking the exam with the rest of the class at the regularly scheduled time regardless of the reason. The student must notify the instructor within 24 hours for consideration. The instructor reserves the right to refuse the student’s request for a make-up exam.

6. **Dropping the Course**: It is the student’s responsibility to drop the course if necessary and fill out the appropriate paperwork within the time schedule listed in the college’s course offerings publication.

7. **Class Schedule**: The class calendar/schedule is tentative. It is subject to change depending on Individual classes and progress that is achieved.

8. **ALL PROJECTS AND ASSIGNMENTS BECOME THE PROPERTY OF THE INSTRUCTOR**

9. **Cell Phones** - Out of courtesy for your fellow class members and instructor, please turn your cell phone off - (not on vibrate – it still makes a noise which is distracting to the audience when speeches are being performed) unless you tell me of a possible emergency that may require you to be “on call”.

**TEXTING IS NOT PERMITTED DURING CLASS.** (Failure to cooperate will result in loss of participation points)

**NO CELL PHONES ARE PERMITTED DURING EXAMS.** (Students will fail the exam if cell phone is in sight)

10. **Laptops** – Please do not use a laptop during class.

**Calling the Instructor At Home**: I do not mind students calling me at home especially if there is an emergency or if something is unclear about assignments. **I do not return phone calls from my home.** Please understand that I don’t want the responsibility of trying to reach you on my “off-duty” time. Generally you will be told when I will be home if I’m not there and then I would ask that you call back. Besides, what if I was to return the call and you weren’t home? Whose responsibility is it now to get in touch? Please call my office first. If I’m not there, THEN try me at home. You may leave a message on the cell phone voicemail but please don’t ask me to return your call. Emails are best - if there is an emergency, don’t hesitate to use my cell number. Thanks.

BRIEF EXPLANATION OF PRESENTATIONS

1. **MINUTE SPEECHES** – these one minute informative speeches are designed to give you practice speaking before the class. TIME YOURSELF! Topics – select an item from the local or national newspaper / or a magazine article and **SUMMARIZE** it. **DO NOT GIVE YOUR OPINION!** Keep the material appropriate for a mixed audience. Try to find a creative way to begin and end the speech. While these speeches are not graded, you are awarded 15 points for each minute speech attempted. These are designed to give you experience (in an ungraded situation) BEFORE THE 2 MAJOR GRADED SPEECHES. You are required to **bring the article with you** – failure to do so will result in loss of points. **THESE CANNOT BE MADE UP.** These speeches are NOT extra credit. **If you choose not to do minute speeches, you will receive a “0” for the assignment.**

   See APPENDIX – p.137  See YouTube Minute Speech Instructional Video Clip Parts 1 & 2 – Go to Blackboard under “Assignment” link. Be sure to watch BOTH parts – allow 20 minutes.

2. **INFORMATIVE SPEECH** – (See Chapter 15 in the E-Text) This speech is designed to tell the audience about a topic. **Do not give your opinion – just the facts. Cite at least one source in the speech.** Have a creative intro and use a closure in your conclusion. An outline is required and visual aids are helpful (if used correctly). This **5 minute** speech is worth 100 points. (All topics must be approved at least 24 hours before the day we “start” the speeches or the student will not be permitted to give the speech and will receive a “0”)

3. **PERSUASIVE SPEECH** – (See Chapter 17 in the E-Text) This is a serious proposal for change. Define a problem and offer a solution. **You are required to use a visual aid (correctly) and you must cite at least 3 different sources in your speech.** This **8 minute** speech is worth 125 points. (All topics must be approved at least 24 hours before the day we “start” the speeches or the student will not be permitted to give the speech and will receive a “0”)

**SPEECH POLICIES**

**REQUIRED ATTENDANCE ON MAJOR SPEECH DAYS**

- I take volunteers first, and after that, I draw names as to who goes next. If a student is not ready to give their speech when called on, the student will be marked “unprepared” and will lose one letter grade on that speech. **If the student’s name is drawn again, and if the**
student is still unprepared, he / she will receive a “0” for that speech.

- When the class finishes the speeches then we are DONE with that speech regardless of what the syllabus schedule says. If students haven’t given their speech because of absences or other unexcused reasons, they will receive a “0” for that speech.

- Remember, according to the syllabus, if a student does not give at least two “2” major presentations, they will not receive credit for the course.

- **Excused Absences FOR MAJOR GRADED SPEECH DAYS** – a doctor’s excuse or a death in the family is considered an “excused” absence on the days we present the two graded speeches. The instructor reserves the right to decide to grant a make-up or not. Even if you have given your speech, attendance is necessary. We must have an audience for speeches.

- **Grading** – each person is graded on an individual basis and is not compared to other students.

- All topics must be approved at least 24 hours before the day we “start” the speeches or the student will not be permitted to give the speech and will receive a “0”.

**PENALTIES**

- If absent: -10 points from participation grade

- If unprepared: -10 points from speech grade
  (informative sp) -15 points from speech grade
  (persuasive sp)

- If absent AND your name is called: -10 points from participation grade

CLASSROOM STRATEGIES

ASSURE SUCCESS - Adapted from Ready for College by Michael Pennock

- **Attend class.** Be on time. Regular class attendance is vital for good grades. You can’t rely on the note taking of a friend to get you through. No matter the course, grading has a subjective element to it. Professors often give the benefit of the doubt to those who show an interest in their course. Allow your professors the chance to get to know you by face and name.

- **Check your attitude at the door.** Whatever your impression of the professor, realize that you need to learn from this person. Adapt yourself to his or her style and do what is asked of you with enthusiasm. Treat your professors with respect and it will be reciprocated.

- **Come to class prepared.** Make sure you read the assigned text pages ahead of time and that you review your notes from the previous class. Bring an extra pen or pencil and any other equipment or assignments that are needed for class.

- **Participate in the class.** Don’t hesitate to ask questions. They show you are interested and may help clarify information for you and your classmates. Take part in discussions even if it is only a comment or clarifying question. Don’t dominate discussions or be annoying to the professor / classmates by asking too many questions – save those for after class or during your professor’s office hours. Be attentive and show it by making eye contact.

- **Take good notes.** Use a separate notebook for each course. Organize yourself. Be sure to use some kind of identification in case you lose your notebook. Take notes in outline form to help you see the flow of the presentation as developed by the lecturer. Allow extra space for your questions, notes, and thoughts. Copy everything on the chalkboard and overhead projector. Be on the lookout for buzz phrases such as “this is important”, or “I can’t stress this enough”, or any kind of repetition.

- **Review class lectures as soon as possible.** The most productive review time is right after class. Review, rewrite and summarize, class notes daily. Go back over the lecture and text with a highlighter to emphasize key points.

- **Seek help if you are confused.** If you don’t understand something, meet with your professor outside of class. Admitting that you need help is better than carrying doubts into the day of the test.
• **Do the work.** Do assignments to the best of your ability and turn them in ON TIME. Refuse to rationalize for late or inadequate work and skip the transparent, lame excuses. Your professor has heard them all. Don’t play games with the instructor because the chances are very great that you will lose and your grade will suffer. There is no substitute for hard work, promptly delivered.

• **Schedule 2 hours of out-of-class time for every 1-hour of in-class time.** It seems unrealistic but to do what you need to do to succeed, you must put the time into it. Rather than dismissing this advice, try it for a semester and watch the results.

• **You must prioritize your time.** Yes, people do have jobs, a family and a personal life but you must decide what you will devote time to. If your personal life is too demanding for you to do well in a course, decide if this is the “right” time for you to be taking the class.

**Snow Policy / Closings**

**Day Classes**

Decisions concerning the closing or late opening of Wytheville Community College due to inclement weather will be made by college officials early each day. The radio and TV stations will be contacted as soon as the decision to close school is rendered, which in all probability will be prior to 6:30 a.m.

Students, faculty, and staff are urged to listen to the radio or television for information concerning school closing, or call the **Weather Hotline at 276-223-4706.** Do not be influenced by announcements concerning the public school system as the College is not a part of that system.

**Evening Classes**

Decisions concerning the cancellations of WCC on-campus and regional site evening classes will be made between 3:00 p.m. and 4:30 p.m. and will be announced in the same manner as used for cancellation of day classes.

**Snow Delay Class Schedule**

This delayed schedule will be in effect upon authorized release to local radio and television stations. Information is also available at the WCC Weather Hotline at 276-223-4706. Every effort will be made to release this information in time for inclusion in 11:00 p.m. broadcasts and/or early morning newscasts.
Any class that does not start at a regular listed time will utilize a delayed schedule that will overlap with the class.

Evening classes will remain on a regular schedule.

Course Information

GENERAL COURSE POLICIES:
Attendance is “expected”. Communication cannot effectively take place unless the speaker and listener interact. Poor attendance will prevent the realization of the 12 course objectives. If you are going to be absent, please call or email the instructor. Tardiness and leaving class early will also affect your participation and attendance grade. YOU NEED TO ATTEND EACH CLASS AND PLEASE BE ON TIME.
Major Speech Assignments: If you are assigned to speak and are unable to come, notify the instructor. Make-up presentations may be arranged only if the student notifies the instructor before (or immediately after) the “excused” absence. Popcorn Speeches cannot be made up.

Late Work. If an assignment or speech is late, the grade will be dropped one letter grade.

Tests: There is a final exam.

Dropping the Course: It is the student’s responsibility to drop the course if necessary and fill out the appropriate paperwork within the time schedule listed in the college’s course offerings publication.

Class Schedule. The class calendar/schedule is tentative. It is subject to change depending on individual classes and progress that is achieved.

ALL PROJECTS AND ASSIGNMENTS BECOME THE PROPERTY OF THE INSTRUCTOR.

Cell Phones - Out of courtesy for your fellow class members and instructor, please turn your cell phone off - (not on vibrate – it still makes a noise which is distracting to the audience when speeches are being performed) unless you tell me of a possible emergency that may require you to be “on call”. TEXTING IS NOT PERMITTED DURING CLASS. (Failure to cooperate will result in loss of participation points) NO CELL PHONES ARE PERMITTED DURING EXAMS. (Students will fail the exam if cell phone is in sight)

GRADES:
- Major Speeches: (60%) Major speeches will be given during the semester. Also, outlines will accompany all major speeches; in effect demonstrating competency of outline theory and design. No outline. No speech. No exceptions!
- Famous Speech Paper: (10%) Students will review a famous speech and write an all-inclusive paper with regards to the presentation, delivery and effectiveness of the speech.
- Group Project: (10%) Students will work together in randomly assigned groups, identifying and effectively working together to present an effective group presentation.
- Popcorn Speeches: (10%)
- Final: (10%) A final exam will be given to determine theoretical understanding of speech organization and development.

GRADE SCALE: A=90%-100; B=80%-89%; C=70%-79%; D=60%-69% F=0%-59%

SPEECH POLICIES

REQUIRED ATTENDANCE ON MAJOR SPEECH DAYS
- I take volunteers first, and after that, I draw names as to who goes next. If a student is not ready to give their speech when called on, the student will be marked “unprepared” and will lose one letter grade on that speech. If the student’s name is drawn again, and if the student is still unprepared, he / she will receive a “0” for that speech.

- When the class finishes the speeches then we are DONE with that speech regardless of what the syllabus schedule says. If students haven’t given their speech because of absences or other unexcused reasons, they will receive a “0” for that speech.

- Remember, according to the syllabus, if a student does not give at least two “e” major presentations, they will not receive credit for the course.

- Excused Absences FOR MAJOR GRADED SPEECH DAYS – a doctor’s excuse or a death in the family is considered an “excused” absence on the days we present the two graded speeches. The instructor reserves the right to decide to grant a make-up or not. Even if
you have given your speech, attendance is necessary. We must have an audience for speeches.

- Grading – each person is graded on an individual basis and is not compared to other students.

CLASSROOM STRATEGIES ASSURE SUCCESS

- **Attend class.** Be on time. Regular class attendance is vital for good grades. You can’t rely on the note taking of a friend to get you through. No matter the course, grading has a subjective element to it. Professors often give the benefit of the doubt to those who show an interest in their course. Allow your professors the chance to get to know you by face and name.

- **Check your attitude at the door.** Whatever your impression of the professor, realize that you need to learn from this person. Adapt yourself to his or her style and do what is asked of you with enthusiasm. Treat your professors with respect and it will be reciprocated.

- **Come to class prepared.** Make sure you read the assigned text pages ahead of time and that you review your notes from the previous class. Bring an extra pen or pencil and any other equipment or assignments that are needed for class.

- **Participate in the class.** Don’t hesitate to ask questions. They show you are interested and may help clarify information for you and your classmates. Take part in discussions even if it is only a comment or clarifying question. Don’t dominate discussions or be annoying to the professor/classmates by asking too many questions – save those for after class or during your professor’s office hours. Be attentive and show it by making eye contact.

- **Take good notes.** Use a separate notebook for each course. Organize yourself. Be sure to use some kind of identification in case you lose your notebook. Take notes in outline form to help you see the flow of the presentation as developed by the lecturer. Allow extra space for your questions, notes, and thoughts. Copy everything on the chalkboard and overhead projector. Be on the lookout for buzz phrases such as “this is important”, or “I can’t stress this enough”, or any kind of repetition.

- **Review class lectures as soon as possible.** The most productive review time is right after class. Review, rewrite and summarize, class notes daily. Go back over the lecture and text with a highlighter to emphasize key points.

- **Seek help if you are confused.** If you don’t understand something, meet with your professor outside of class. Admitting that you need help is better than carrying doubts into the day of the test.

- **Do the work.** Do assignments to the best of your ability and turn them in ON TIME. Refuse to rationalize for late or inadequate work and skip the transparent, lame excuses. Your professor has heard them all. Don’t play games with the instructor because the chances are very great that you will lose and your grade will suffer. There is no substitute for hard work, promptly delivered.

- **Schedule 2 hours of out-of-class time for every 1-hour of in-class time.** It seems unrealistic but to do what you need to do to succeed, you must put the time into it. Rather than dismissing this advice, try it for a semester and watch the results.
- You must prioritize your time. Yes, people do have jobs, a family and a personal life but you must decide what you will devote time to. If your personal life is too demanding for you to do well in a course, decide if this is the “right” time for you to be taking the class.

Description of Speeches and Assignments

Popcorn Speech
These one minute informative speeches are designed to give you practice speaking before the class. Topics will vary and students will have a part in choosing the topics. Keep the material appropriate for a mixed audience. These speeches cannot be made up.

Date of Birth Speech
This is a 1-2 minute speech that is designed to acquaint you with your fellow classmates and distinguish you from others. The topic for this speech is to research what happened in your community, your state, the nation, or the world, on the actual day that you were born. For example, if you were born on October 4, 1978, you need to find at least two sources (the New York Times, Newsweek or a local newspaper) that will tell you what happened on that special day. Or Google your birth date and year and I am quite sure that you will be shocked and amazed by what happen on your birth date. Please include when and where you were born, your major, hobbies, goals, occupation, marital status and anything else you would like for us to know. You will be required to have the following:

- Introduction
- Body
- Conclusion
You should research, organize and deliver your speech in a memorable way! Please use transitional words when necessary.

Informative Speech
You will need to write and present a 2 to 3 minute speech that will inform us of something that is important to YOU (a place that you have been to, a place that you want to go, the history of a product that you use, a hobby, etc.) This should NOT be a persuasive or demonstration speech. The only thing that you will need to submit to me on the day of your speech will be your FINAL outline, in proper format.

Group Project
Follow guidelines as set about by the Barter Theatre’s Young Playwright’s Festival
Famous Speaker Paper
The analyses should be 4-5 double spaced, typed, pages with bibliography. Guidelines to be provided upon assigning.

Special Occasion Speeches
Special Occasion Speeches are critical-thinking activities that require the speaker to synthesize and apply his or her speaking skills to unique situations. Thus, in this assignment, you will write and present a Special Occasion Speech. Chances are that at some time in your life, you will be called upon to write and deliver one of the following Special Occasion speeches in a business or professional setting or some occasion that calls for celebration, comment, oration, inspiration, or entertainment. Therefore, it is imperative that you create a speech that is memorable and effective. You will also have 2 minutes, plus or minus 30 seconds minutes to present! You will need to turn in an outline—VERY ABBREVIATED—on the day of your speech. However, you should be VERY familiar with your speech and able to maintain terrific eye contact.

Persuasive Speech
You will need to write and present a 2 to 3 minute speech to persuade your audience. Your purpose may be to change attitudes, values, or beliefs about something or your purpose may be to change opinion, or to suggest policy. It may be to reframe the audience’s view of something, to reinforce their position regarding something, or to inoculate them against possible persuasive efforts from others. You may ask them to support specific actions or to take action themselves. You may not try to sell anything or persuade the audience to take a position or action which would lead to real world profit for yourself or anyone else. The only thing that you will need to submit to me on the day of your speech will be your FINAL outline, in proper format.

Demonstrative Speech
A demonstration speech is a "how to" speech in which the speaker demonstrates in a logical order to the audience how to do a particular process or activity in a specific method. The goals of your demonstration speech could be: to demonstrate a process and give the audience information while using visual aids. Or to show how to do something, how something is done, how to make something, or how something works in detail. You should have visual aids e.g., the item, models, drawings, pictures, etc., to depict clarity of explanation and ethos to the audience. Don’t be afraid to lead the audience to participate in your demonstrative speech, just make sure that you watch your time frame. This speech should be between 5 and six minutes. The only thing that you will need to submit to me on the day of your speech will be your FINAL outline, in proper format.

VFW “Voice of Democracy “Speech
Follow guidelines and topic as defined by the VFW. https://www.vfw.org/VOD/

Inclement Weather Policy & Delayed Class Schedule
Inclement Weather Closure Policy

Before making a decision to alter the college schedule due to current or predicted inclement weather, a team of college personnel who reside throughout (and outside of) the WCC service region consult with each other as well as the Virginia State Police regarding road conditions. In addition, we also contact the National Weather Service and review a variety of weather-specific web sites for their forecasts, especially when there are predictions for more bad weather. In order to make a timely decision, these activities are conducted late in the evening and early in the morning during periods of current or predicted inclement weather.

We cannot stress firmly enough that the safety of our students and college employees always comes first and their safety is our utmost priority when making an inclement weather closing/opening decision. As long as conditions are safe on college property and on the major roads leading to college facilities, the college will be open - either on a regular or delayed schedule. College staff members work very hard to ensure that the college walking and driving areas are safe for pedestrian and motor vehicle traffic before we allow people on campus or at our off-campus sites.

As citizens, we expect all other businesses in the area (restaurants, health care facilities, banks, service stations, convenience stores, shopping centers, etc.) to remain open despite weather conditions. The expectation for WCC should be no different. Unlike the public primary and secondary school systems, colleges do not provide transportation for students, nor is attending college a mandatory activity. Attending college is a personal choice and college students are expected to individually, or in consultation with family members, make a decision as to whether or not conditions are safe for them to drive to a college location to attend classes - just as they make a decision about going to work or patronizing any business.

College administrators and faculty members understand that during times of inclement weather some students (and college employees) live in areas that receive differing levels of precipitation, but conditions in and around college facilities may not warrant closing the college. Students who have concerns about the safety of traveling to class should contact their instructors about their individual situation and make arrangements for staying current with class assignments. Likewise, faculty members are responsible for contacting students if/when they are unable to conduct classes so that students do not needlessly come to a college location.

By working together, disruptions to classes and other college operations can be minimized. We thank you for your understanding and cooperation.

WCC Alert System

Wytheville Community College uses WCC Alert to immediately contact you during a major crisis or emergency. WCC Alert delivers important emergency alerts, notifications and updates to you on all your devices:

- E-mail account (work, home, other)
- Cell phone
- Pager
- Smartphone/PDA (Android, iPhone, BlackBerry & other handhelds)

You can register to receive alerts by clicking the link below to access WCC’s Alert System page and clicking on the Red Registration button. https://alert.wcc.vccs.edu/index.php?CCheck=1

Day Classes

Decisions concerning the closing or late opening of Wytheville Community College due to inclement weather will be made by college officials early each day. The stations listed below will be contacted as soon as the decision to close school is rendered, which in all probability will be prior to 6:30 a.m.

Students, faculty, and staff are urged to listen to the radio or television for information concerning school closing, or call the main campus at 276-223-4700. Do not be influenced by announcements concerning the public school system as the College is not a part of that system.

Evening Classes

Decisions concerning the cancellations of WCC on-campus and regional site evening classes will be made between 3:00 p.m. and 4:30 p.m. and will be announced in the same manner as used for cancellation of day classes.

Acceptable Use Policy for All College Computers

Computer Ethics Guidelines

Thousands of users share VCCNet computing resources. Everyone must use these resources responsibly since misuse by even a few individuals has the potential to disrupt VCCS business or the work of others. Students are expected exercise ethical behavior when using VCCNet resources.

State Law (Article 7.1 of Title 18.2 of the Code of Virginia) classifies damage to computer hardware or software (18.2-152.4), unauthorized examination (18.2-152.5), or unauthorized use (18.2-152.6) of computer systems as misdemeanor crimes. Computer fraud (18.2-152.3) and use of a computer as an instrument of forgery (18.2-152.14) can be felonies. The VCCS’s internal procedures for enforcement of its policy are independent of possible prosecution under the law.

VCCNet resources include mainframe computers, minicomputers, microcomputers, networks, software, data, facilities and related supplies.

Guidelines

The following guidelines shall govern the use of all VCCNet resources:
You must use only those computer resources that you have the authority to use. You must not provide false or misleading information to gain access to computing resources. The VCCS may regard these actions as criminal acts and may treat them accordingly.
You must not use the VCCNet resources to gain unauthorized access to computing resources of other institutions, organizations or individuals.

You must not authorize anyone to use your computer accounts for any reason. You are responsible for all use of your accounts. You must take all reasonable precautions, including password maintenance and file protection measures, to prevent use of your account by unauthorized persons. You must not, for example, share your password with anyone.

You must use your computer resources only for authorized purposes. Students or staff, for example, may not use their accounts for private consulting. You must not use your computer resources for unlawful purposes, such as the installation of fraudulently or illegally obtained software.

Use of external networks connected to the VCCNet must comply with the policies of acceptable use promulgated by the organizations responsible for those networks.

Other than material known to be in the public domain, you must not access, alter, copy, move or remove information, proprietary software or other files (including programs, members of subroutine libraries, data and electronic mail) without prior authorization. The college or VCCNet data trustee, security officer, appropriate college official or other responsible party may grant authorization to use electronically stored materials in accordance with policies, copyright laws and procedures. You must not copy, distribute, or disclose third party proprietary software without prior authorization from the licenser. You must not install proprietary software on systems not properly licensed for its use.

You must not use any computing facility irresponsibly or needlessly affect the work of others. This includes transmitting or making accessible offensive, annoying or harassing material. This includes intentionally, recklessly, or negligently damaging systems, intentionally damaging or violating the privacy of information not belonging to you. This includes the intentional misuse of resources or allowing misuse of resources by others. This includes loading software or data from untrustworthy sources, such as freeware, onto official systems without prior approval.

You should report any violation of these regulations by another individual and any information relating to a flaw or bypass of computing facility security to the Information Security Officer or the Internal Audit department.

Enforcement Procedure

Faculty, staff and students at the college or VCCNet facility should report violations of information security policies to the local Chief Information Officer (CIO). At WCC, this is the Director of Institutional Computing.

If the accused is an employee, the CIO will collect the facts of the case and identify the offender. If, in the opinion of the CIO, the alleged violation is of a serious nature, the CIO will notify the offender’s supervisor. The supervisor, in conjunction with the college or System Office Human Resources Office and the CIO, will determine the appropriate disciplinary action. Disciplinary actions may include but are not limited to:

- Temporary restriction of the violator’s computing resource access for a fixed period of time, generally not more than six months.
- Restitution for damages, materials consumed, machine time, etc., on an actual cost basis. Such restitution may include the costs associated with determining the case facts.
- Disciplinary action for faculty and classified staff in accordance with the guidelines established in the State Standards of Conduct Policy.

In the event that a student is the offender, the accuser should notify the Vice President of Instruction and Student Development. The Vice President, in cooperation with the CIO, will determine the appropriate disciplinary actions which may include but are not limited to:

- Temporary restriction of the violator’s computing resource access for a fixed period of time, generally not more than six months.
- Restitution for damages, materials consumed, machine time, etc. on an actual cost basis. Such restitution may include the costs associated with determining the case facts.
- Disciplinary action for student offenders shall be in accordance with the college student standards of conduct.

The college President will report any violations of state and federal law to the appropriate authorities. All formal disciplinary actions taken under this policy are grievable and the accused may pursue findings through the appropriate grievance procedure. Any student disciplined under these academic policies has a right to appeal under the college grievance policy.
