

TRANSFER COURSES

As evidenced under the **Placement Testing** header, dual enrollment students must qualify for dual enrollment/college-level courses by either earning the minimum grade-point average, completing the Virginia Placement Tests in English and Math, or utilizing qualifying exemption standards.

Courses with additional prerequisites can be found under the 'Next Steps' section. These courses are identified with asterisks (**).

Please note that not all courses on this list are offered at each school due to multiple factors, including credentialing, scheduling conflicts, and instructor availability – along with approval from both the secondary school and WCC.

Credentialed courses taught by high-school faculty:

AGR 141	Introduction to Animal Science and Technology
AGR 143	Introduction to Agribusiness and Financial Management
BIO 101	General Biology I** (<i>Passport Transfer course</i>)
BIO 102	General Biology II**
