

ADDITIONAL PREREQUISITES

As evidenced under the ***Dual Enrollment Qualification*** header, dual enrollment students must qualify for dual enrollment/college-level courses by either earning the minimum grade-point average, completing the Virginia Placement Tests in English and Math, or utilizing qualifying exemption standards such as the PSAT, SAT, or ACT.

In addition to meeting required placement or exemption standards for all dual enrollment courses, students must also follow course prerequisites. Courses with traditional prerequisites include:

Should students wish to take independent courses through WCC, we encourage them (along with their families) to meet with the Coordinator of Dual Enrollment, Josh Floyd, to verify individual course prerequisites. Care needs to be applied when choosing independent courses, as students will want to take offerings that directly align with their respective pathway program at WCC and/or transfer on to a four-year school.

A list of all Wytheville Community College courses – which is part of the Virginia Community College System – can be found here:

Please keep in mind that not all courses found in the WCC course log are offered through dual enrollment means.
